The History of Broadcasting in the United Kingdom: Volume V: Competition Asa Briggs, 1995-03-23 Part of a five volume history of the rise and development of broadcasting in the United Kingdom

The implications of cuts to the BBC World Service Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2011-04-13 The Foreign Affairs Committee believes the BBC World Service is of such value to the nation that its income should be ring fenced against spending cuts The Service has suffered a disproportionate reduction in its future Grant in Aid under the spending review settlement by comparison with that of the core FCO allowing for inflation 16% as against 10% across the four years 2010 11 to 2014 15 High level discussions between the Government and the BBC about a transfer of funding responsibility started only nine days before the formal announcement of the change The report says that the decision to reduce World Service spending by 16% during the 2010 spending review period should be reversed and resources made available for it to continue its operations at roughly the 2010 11 level of staffing and output If the Service s funding is reduced in spite of this recommendation the committee urges for damage limitation with an unreduced BBC Hindi and BBC China Mandarin shortwave service and enhanced resources to BBC Arabic as required by the recent and continuing political developments in the region Some of the activity of the World Service contributes to the wider aims of the Department for International Development and a transfer of just 0 35% of DFID s resource budget over the next three years would compensate for the proposed 16% reduction in World Service funding There is no reason why such a transfer should not be made if the political will to carry it out is present

Departmental annual report 2010-11 Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2012-04-13 Despite the impressive performance of the Foreign and Commonwealth Office in representing the UK s interests across the globe with what is in Governmental terms a particularly small budget the Foreign Affairs Committee believes that the FCO is under funded This situation has been exacerbated by the Spending Review 2010 and the lack of detail provided by the FCO and the BBC World Service as to exactly how the spending reductions target will be met is disappointing There are concerns about the steps taken by the FCO to adjust to its reduced budget reductions in the deployment of UK based staff overseas and the optimistic planned programme of property sales will have a detrimental impact on the ability of the UK to protect its interests overseas The establishment of the European External Action Service EEAS will place a further strain on the FCO s resources The Committee welcomes the appointment of Lord Williams of Baglan to the post of International Trustee with responsibility for the BBC World Service but reiterates its belief that a formal concordat governing the World Service s budget and output should be drawn up setting out the World Service s independence from budgetary pressures elsewhere in the BBC The budget cuts faced by the British Council will lead to the Council becoming a substantially different organisation by the end of the Spending Review period The greater emphasis that the British Council will place on commercial activity risks a diminution of the UK s influence and soft power
