I Want to be Confident Harriet Griffey, 2017-03-07 In today's virtual social networking world there is a downside online rather than personal interaction is creating a climate of social awkwardness and a lack of confidence particularly among young people. And once we realize that we can address this we can learn ways to manage new situations or things we fear with newly acquired confidence skills. **I Want to be Confident** takes a look at the underpinning psychology of confidence what it is and how to learn it when it doesn't come naturally. Harriet Griffey identifies what it takes to improve confidence so that we can embrace our social and working lives and our personal and professional relationships more positively and in a way that authentically reflects who we are and what we want to achieve.
