Moffett, 2025-04-22 Bret Moffett brings an environmentalist's vision an engineer's rigor and a historian's sensitivity to this geographic chronicle of the Salt River He travels its length directs our attention to the hidden places and explains how Arizona harnessed its most essential central waterway to make a huge economic leap but at the cost of making a dead spot in its heart If you want to know why the state looks the way that it does lush in some lucky places dehydrated in others read this book Tom Zoellner Author of Rim to River Looking into the Heart of Arizona For more information please visit www.saltrivermanifesto.com

Mountain Passages George Ellison, 2005-05-01 This intriguing collection of essays results from writer George Ellison's thirty year fascination with Western North Carolina and its Blue Ridge and Great Smoky Mountains These essays offer a window onto the rich heritage of this stunning and oft misunderstood region Hear stories in a distinctly Appalachian tone and glimpse into the mountain life and lore through a diverse cast of characters Develop a new language fit for mountain life and begin to understand the roots of the names Crooked Arm Deepflow Gap and the Boogerman Trail See the world through the eyes of the ancient Cherokees for whom the Nantahala Gorge was a chasm of horrors associated with the uktena a mythic serpent from the dreaded Under World

On Heights & Hunger Josh Macivor-Andersen, 2016-09-06 A memoir of two professional and competitive tree climbing brothers both hungry for transcendence and adventure coming to terms with their relationship to the divine the family that first provided a framework for faith and their own obsessions victories and failures Written with a passion that burns into the page Josh MacIvor Andersen straps the pieces of his own story to his back and takes us up into the canopy above into a tree hunger where he shaves and prunes and cuts until he arrives at the many shimmering truths of this beautifully told profession of love for his brother for physical labor for the earth we have abused for the search for God for beauty for the right woman for the way to live this one life we are all given This is one of the finest memoirs I've read in quite a while Andre Dubus III On Heights Hunger is the most gripping insightful fire bright memoir I've read in a very long time It uses as its springboard the complex love between two brothers then deftly vaults into a wide ranging exploration of seemingly disparate subjects competitive tree climbing Christian faith the travails of youth and discovering purpose in life and so much more The narrative that emerges is both emotionally and intellectually

engaging at the highest level I loved it Jeremy Hawkins author of *The Last Days of Video* Here is a new version of the old story where the promise of old made miraculously new falls short and it's left to the teller to make a different tale Josh MacIvor Andersen is a fine teller Kyle Minor author of *Praying Drunk* Josh MacIvor Andersen's debut memoir *On Heights and Hunger* somehow feels like an ancient tale a myth of family and faith and trees that has been retold for a modern audience There is wrestling in these pages honest and painful wrestling with demons and doubt and it is this essayistic reckoning through story that pulls me in and keeps me watching almost hypnotized as he dances through time and place with the same grace and skill with which Andersen and his brother danced through the trees of Nashville Steven Church author of *One with the Tiger* Sublime and Violent Encounters between Man and Animal and a founding editor of *The Normal School* With a storyteller's heart and a poet's sensibility Josh MacIvor Andersen uncovers everything dangerous and divine in the Tennessee treetops He lures readers higher and higher with staggering perfectly chiseled sentences before whisking us off to Moscow and Oaxaca and beyond always in search of something other worldly I went along gladly gratefully gobbling up each new lyrical line and unexpected connection before coming back down to earth feeling changed Not to mention smarter Jeremy B Jones author of *Bearwallow* A Personal History of a Mountain Homeland I met the human gods of MacIvor Andersen's gorgeous and big hearted memoir once before in William Blake's giants of inner conflict that everyone must embrace to be whole In *On Heights Hunger* it's as though you'd stepped into the pages of Joseph Campbell's journeys where the wounded hero is brother Aaron maniacal in the trees fearless and almost dying all the time There's a mighty lot of chainsaws and testosterone in this tale of purely male energy in youth and then surprise it ripens into deep tenderness for all sentient beings Truly half out of their minds when young Aaron and Josh grow into men of compassion and ineffable sweetness Yet nothing's predictable here so the trajectory isn't just toward a pilgrim's progress for a journey dedicated to the life force it remains a piercing rumination on mortality a death trip looking back from beyond the vale Diana Hume George author of *The Lonely Other* A Woman Watching America
