Sekimonyo,2018-11-18 What is the catalyzer of the ballooning the social economic and social gap between the gang of robber barons and captains of industry and the rest By the end of the twentieth century every social commerce and trade and political constructs underwent more than rhinoplasties in a desperate effort to escape responsibility A global system underlying the extremely unequal distribution of wealth and power has kept the profane views of the laboring class and hierarchical arrangements between commerce and trade actors the same Conspiracy rules and success myths do work Every existing doctrine compresses the ambiance of the love affair with untamable disillusions Thanks to capitalism as the story goes poor white women and children as humans was recognized Somehow everyone else also found their way through the golden age of self enslavement into the human centipede We have all metamorphosed into efficient slaves *Cast away : for these reasons* Jo M. Sekimonyo,2018-04-14 Do we need an Economic Jihad What can you say about the boring cock fights between Capitalism deities of our time You should be as disgusted as I am of these clown shows that chip away the substance of economic disparity dialogues I have left to the class of economist sloppy cerebral sloths to tiptoeing around of serious issues Instead you the reader and I will be swimming against the torrent current Chapter one through six are exhibits of the case against the current status quo Capitalism And if I see you on the other side of chapter seven please hold my hand tightly from chapter eight through ten Take your time to digest chapter eleven and get yourself prepared for a big slap to your face

On the closing argument chapter twelve follows through James Tobin's recommendation Good papers in economics contain surprises and stimulate further work Fifty Five Shades of Political Economy What demon possessed me to write this book Well after walking by giving my spare change to people blinded and asphyxiated by misery in every country I have been lucky or cursed to travel to I asked myself repeatedly what else can I do I was tired of capitalist guardians buffoonery angry of the so called Karl Mark reincarnation ineptness and tired of waiting for a superhero I wrote this book to awake the general public consciousness and put out there a thought provoking solution to the global socio economic plight Stories about inequality have been told on and on Nevertheless I decided to stir the debate onto a new path let's hope that I succeed This book is for everyone who is fed up by the status quo and has been let down by the lumpenintellectuals Let me first reassure most people who could be intimidated to pick up my book once they hear that it is a political economic book it is easier to answer the question of what my book is not about There's no math nor graphs I left it to the economic druids the need of inflating their egos and any smart asses who bamboozle the world with crazy theories that do not stand the test of real life My book is a case against the social economic status quo a roller coaster ride through a volcanic ash cloud for all of us who have been busted bruised and despondent from the current dominant form of economy capitalism And then I hold the reader's hand into the new 21st century paradigm that changes everything And right at the end I provide a real rabble rousing solution I can expect that the only challenge in this book is the new terminology and concepts that I introduce to the readers that they have to adjust to such as Ethosism Translator Jo M Sekimonyo PUBLISHER TEKTIME

es más fácil responder a la pregunta de qué es lo que mi libro no trata. No hay matemáticas ni gráficos le dejé a los druidas económicos la necesidad de inflar sus egos y cualesquiera asnos inteligentes que embaucan al mundo con teorías locas que no resisten la prueba de la vida real. Mi libro es un caso contra el statu quo económico social una montaña rusa a través de una nube de cenizas volcánicas para todos nosotros que hemos sido arrestados, magullados y desanimados por la actual forma dominante de economía el capitalismo. Y luego tomo la mano del lector hacia el nuevo paradigma del siglo XXI que lo cambia todo. Y justo al final ofrezco una verdadera solución que despierta a la chusma. Puedo esperar que el próximo desafío en este libro sea la nueva terminología y los nuevos conceptos que presento a los lectores a los que tienen que adaptarse como el etosismo.

La teoría metafísica de la economía igualitaria. Jo M. Sekimonyo, 2018-11-19 Si has leído Desechado Por Estas Razones entonces sabrás que te espera otra montaña rusa en la mente de un escritor que está armando un escándalo en la arena de la economía política sacudiendo el status quo. Sin embargo estoy seguro de que una de las preguntas más importantes en su mente después de una búsqueda en Google y Wikipedia fue ¿Qué demonios es el etosismo? No teman queridos lectores porque en este libro encontrarán exactamente lo que es el etosismo. Esto no es parte de una serie sino que ilumina el nuevo paradigma construido socialmente en el siglo XXI. Esta experiencia literaria alimentada con ayahuasca inundar sus nervios con la aparición de Thomas Clarkson. No es en vano que el intento de tomar un mordisco grueso del capitalismo el comunismo o el socialismo remodelar las posturas y las escupi en un fuego ardiente. No hay mejor momento que el siglo XXI para cambiar el terreno de la disputa por la desigualdad mundial haciendo hincapié en la injusticia socioeconómica. Estamos bien equipados para acabar con el libertinaje en la distribución de la riqueza y allanar el camino para una alternativa a la exoneración de injusticias de la época victoriana. Todo el mundo debería avergonzarse de morir sin ganar una victoria sobre los absurdos omnipresentes por el bien de la humanidad. ¿Qué podemos
