JEWels Steve Zeitlin, 2023-02 JEWels is the first of its kind the living tradition of Jewish stories and jokes transformed into poems recording and reflecting Jewish experience from ancient times through the present day In this novel hybrid jokes and stories boiled down to their essence in short poems Jewish witticism is preserved side by side with evocative storytelling and deepened with running commentary and questions for discussion Illuminated here are jewels from journeys from the Old Country from Torah shaped by the Holocaust in glimpses of Jewish American lives in Jewish foods in conversations with God and on the meaning of life Jewish comedians Lenny Bruce Jackie Mason appear alongside writers and musicians Elie Wiesel Sholem Aleichem Itzhak Perlman and Hasidic rabbis the Baal Shem Tov Rabbi Nachman of Breslov yet most of the tellers are ordinary Jews In this cacophony of ongoing dialogue storytellers rabbis poets and scholars chime in with interpretations quips and related stories and life experiences In JEWels each of us can see our own reflection **Stories as Equipment for Living** Barbara G. Myerhoff, 2007 Takes us deeper into Barbara Myerhoff's examination of the place of narrative in human life providing a treasury of reflection experience and wisdom as colorful as any collection of tales **The Amazing Law of Influence** Duncan, King, 2010-09-23 You have heard about it in Pay It Forward you've heard about it in Six Degrees of Separation but no single author has given as much consideration to the laws of influence as King Duncan does here This

reader friendly book looks at chaos theory how small changes can trigger monumental transformations The example of this theory most often cited is that of Edward Lorenz who discovered in the 1960s that the tiniest movement in the air in one part of the world can produce dramatic changes in weather patterns months later in another part of the world Thus a butterfly flapping its wings in Malibu might set into motion a series of events that could produce a monsoon months later in Malaysia The Law of Influence states that one life touches another and potentially both lives are changed through this change potentially the entire world is changed Even chance events a smile a word spoken at just the right moment or even people like John Howard who helped a young English journalist return home The young journalist was Winston Churchill and the rest is history More important than explaining what the law of influence is this book explains how individuals can use it to create a life worth living and to share the lessons to create families and communities that work together for the greater good Together people aware of and involved with their own influence on others have the potential to make amazing things happen King Duncan is a professional speaker and author of two other books *Amazing Grace* *Humor to Heal Mind Soul and Body* and *The One Minute Motivator* In 1993 he was the national winner of the International Platform Association's prestigious Speaker's Ladder Award He lives in Knoxville Tennessee where he owns and manages his communications company Seven Worlds Corporation
