Making Standards Useful in the Classroom Robert J. Marzano, Mark W. Haystead, 2008 It's true that state standards often have way too much content and aren't written in a way that enhances classroom instruction and formative assessment That's why this guide is invaluable for any educator who wants to ensure that standards actually lead to higher student achievement The authors give

you good reasons for why some content standards should be dropped and explain how benchmark statements in standards should be rewritten Learn how to sequence content and set up grading scales that help facilitate formative assessment and effective instruction And get clear steps for unpacking and converting standards into guidelines that are much more useful to classroom teachers To implement this book s much more efficient approach the authors included over 240 pages of detailed scoring scales and sample measurement topics for k 8 science math language arts social studies and critical life skills topics for elementary through high school students

*Melancholia and Maturation* Eric L. Tribunella, 2010-01-15 Coming of age in children s fiction often means achieving maturity through the experience of trauma In classics ranging from *Old Yeller* to *The Outsiders* a narrative of psychological pain defies expectations of childhood as a time of innocence and play In this provocative new book Eric L. Tribunella explores why trauma especially the loss of a loved object occurs in some of the most popular and critically acclaimed twentieth century American fiction for children Tribunella draws on queer theory and feminist revisions of Freud s notion of melancholia which is described as a fundamental response to loss arguing that the low grade symptoms of melancholia are in fact what characterize the mature sober and responsible American adult *Melancholia and Maturation* looks at how this effect is achieved in a society that purports to protect youngsters from every possible source of danger thus requiring melancholia to be induced artificially Each of the book s five chapters focuses on a different kind of lost object sacrificed so as to propel the child toward a distinctively gendered sexual ethical and national adulthood from same sex friends to the companionship of boy and his dog stories from the lost ideals of historical fiction about the American Revolution to the children killed or traumatized in Holocaust novels The author examines a wide spectrum of works including Jack London s dog tales the contemporary realistic novels of S E Hinton and Newbery Medal winners like Johnny Tremain and *Bridge to Terabithia* Tribunella raises fundamental questions about the value of children s literature as a whole and provides context for understanding why certain books become required reading for youth Eric L. Tribunella is assistant professor of English at the University of Southern Mississippi His articles have been published in *Children s Literature Association Quarterly* *Children s Literature in Education* *The Lion and the Unicorn* *A Critical Journal of Children s Literature* and *Children s Literature*

**BECAUSE OF WINN-DIXIE/AV.**, 2005 **Interpreting Literature With Children** Shelby A. Wolf, 2014-04-04 A remarkable book that addresses the ways in children respond to literature across a variety of everyday classroom situations The result is a balanced resource for teachers who want to deepen their understanding of literature and literary engagement

*The Vulnerable Heart of Literacy* Elizabeth Dutro, 2019-08-23 What is trauma and what does it mean for the literacy curriculum In this book elementary teachers will learn how to approach difficult experiences through the everyday instruction and interactions in their classrooms Readers will look inside classrooms and literacies across genres to see what can unfold when teachers are committed to compassionate critical and relational practice Weaving her own challenging experiences into chapters brimming with children s writing and voices Dutro emphasizes that issues of power

and privilege matter centrally to how attention to trauma positions children The book includes questions and prompts for discussion reflection and practice and describes pedagogies and strategies designed to provide opportunities for children to bring the varied experiences of life including trauma to their school literacies especially their writing in positive meaningful and supported ways Book Features Offers a reconceptualization of trauma as a source of connection reciprocity knowledge and literacy engagement Identifies three key tenets that teachers can follow to ensure that children s experiences and perspectives are honored Shares classroom stories and literacy lessons including many examples of children s writing Includes sum up reflections and discussion prompts Provides up to date lists of resources **The Essential Kate**
