Holy Talk: An Introduction to Scripture for the Occasionally Biblically Embarrassed Harold "Jake" Jacobson,2018-08-03 I am writing this book to open a conversation of faith It is my hope to not only offer an introduction to scripture that is practical and functional for daily life but also to provide an arena where questions of faith can be openly

explored This is not an answer book but an invitation to a conversation Harold Jake Jacobson is an ordained Lutheran pastor who has served for the past 35 years at Grace Lutheran Church in Clarion PA For the past 10 years he has also served as Assistant to the Bishop of the Northwestern Pennsylvania Synod and as Director of Evangelical Mission for the Evangelical Lutheran Church in America Pastor Jacobson holds degrees from Jamestown Community College Gettysburg College and the Lutheran Theological Seminary at Gettysburg He is also a certified Spiritual Director Jake also is a professional wood carver He is the owner of Tre Kronor Studio and together with his son they carry out a variety of artistic offerings in various media

A History of the Holy Bible Thomas Stackhouse,1846 **Letters to the Editor** Allison Cavanagh,John Steel,2019-11-07 This book provides an account of current work on letters to the editor from a range of different national cultural conceptual and methodological perspectives Letters to the editor provide a window on the reflexive relationship between editorial and readership identities in historical and international contexts They are a forum through which the personal and the political intersect a space wherein the implications of contemporaneous events are worked out by citizens and public figures alike and in which the meaning and significance of unfolding media narratives and events are interpreted and contested They can also be used to understand the multiple and overlapping ways that particular issues recur over sometimes widely distinct periods This collection brings together scholars who have helped open up letters to the editor as a resource for scholarship and whose work in this book continues to provide new insights into the relationship between journalism and its publics Origo Legum: Or a Treatise of the Origin of Laws and Their Obliging Power George Dawson,1694 *A History of the Holy Bible, etc* Thomas STACKHOUSE (Vicar of Beenham.),1842 *The History of the Holy Bible* Thomas Stackhouse,1880 The Rise of the Algorithms John M. Jordan,2024-03-19 The meteoric rise of online video is reshaping the competition for human attention The Rise of the Algorithms argues that this new technology has changed the way we interact with others our relationships with public institutions and our very own behaviors and psyches In tracing the origins and evolution of online video John M Jordan examines the mechanics and the ethical stakes of online video platforms especially YouTube and TikTok but also others such as Twitch Tracing the use of algorithms pioneered by Facebook and Google and so successfully exploited by TikTok s corporate parent ByteDance Jordan shows how these platforms now engineer human behavior with consequences for culture politics and identity Jordan argues that we are at an inflection point Until now we have proved as a society ill prepared or unwilling to address such problems as the power of digital platforms the personal cost of viral celebrity the invasion of privacy and the proliferation of disinformation The Rise of the Algorithms combines this urgent assessment with a clear eyed discussion of present challenges and recommendations for reclaiming our online futures A valuable resource for understanding the transformations that have been and will be brought by YouTube TikTok and similar platforms Jordan s timely book is a vital work for anyone who uses the internet and especially for policy makers technologists communication and media specialists and researchers who have a direct hand in determining the future of our online world **Journalism**

Research that Matters Valérie Bélair-Gagnon, Nikki Usher, 2021 It is now well established that the long time economic model on which the news industry has relied is no longer sustainable Facebook Google and declining levels of popular trust in the media have been major contributors to this situation Simultaneously the closure of local media outlets across the country has left many areas without access to regional news compounded the distance between media and publics and further eroded civic engagement Despite the looming crisis in journalism a research practice gap plagues the news industry This book argues that an underappreciated factor in the news crisis is a potentially symbiotic relationship between journalism studies and the industry that it researches As this book contends scholars must think about their work in a public context and journalists too need to listen to media scholars and take the research that they do seriously Including contributions from journalists and academics Journalism Research That Matters offers journalists a guide on what they need to know and journalism scholars a call to action for what kind of research they can do to best help the news industry reckon with disruption The book looks at new research developments surrounding audience behavior social networks and journalism business models the challenges that scholars face in making their research available to the public and to journalists the financial survival of quality news and information and blind spots in the way that researchers and journalists do their work especially around race diversity and inequality A final section includes contributions from journalists about how researchers can better engage on the ground with newsrooms and media professionals

The Cinematic Superhero as Social Practice Joseph Zornado, Sara Reilly, 2021-11-06 This book analyzes the cinematic superhero as social practice The study s critical context brings together psychoanalysis and restorative and reflective nostalgia as a way of understanding the ideological function of superhero fantasy It explores the origins of cinematic superhero fantasy from antecedents in myth and religion to twentieth century comic book to the cinematic breakthrough with Superman 1978 The authors then focus on Spider Man as reflective response to Superman s restorative nostalgia and read MCU s overarching narrative from Iron Man to End Game in terms of the concurrent social political and environmental conditions as a world in crisis Zornado and Reilly take up Wonder Woman and Black Panther as self conscious attempts to reflect on gender and race in restorative superhero fantasy and explore Christopher Nolan s Dark Knight trilogy as a meditation on the need for authoritarian fascism The book concludes with Logan Wonder Woman 1984 and Amazon Prime s The Boys as distinctly reflective fantasy narratives critical of the superhero fantasy phenomenon
