The Blavatsky Effect Ulrich R. Rohmer,2014-02-13 This book is a collection of many different texts approaching the phenomenon Blavatsky and her influence on how Western world is dealing with God and Jesus There is of course a huge ocean of manifold perceptions throughout space and time and humans had always a tendency to change the way of perception and thinking compared to their ancestors A human has no other chance after having been thrown into this world than studying a great deal of texts and witnesses in order to find plausible reason at least for himself or herself to find answers on what is real and what is truth Thousand nine hundred years ago Epictetus wrote his famous meaning Men are disturbed not by things but by the views which they take of things Enchiridion 5 Dogma comes from and this means nothing else than view or opinion a quite human and at least harmless business coming from language alone But humans have transformed both view and opinion into a sharp sword able to harm or even kill those being considered dissenters That way dogmatism became a synonym for bad taste and constriction Madame Blavatsky was against church dogmatism and finally got trapped in her own dogma based ideology called theosophy and the whole complex has indeed changed the world At that the story is not over yet Those texts I provided consist of freely available material found at different pages and they will challenge you to listen carefully to your own flow of thoughts and feelings No one is supposed to either love or hate Madame Blavatsky and her work but rather finding a kind of understanding giving you comfort to live according your mental intellectual and soul perception of God and Jesus Maybe you will discover the value of the New Testament text 27 books as usual anew even without being really able to name such process correctly Blavatsky has opened a door which is now wide open and it can t get shut again by merciless apologetics Some see Satan raging in this world blaming Madame others perceive new spiritual possibilities as well as frontiers See for yourself and have a little patience Even Blavatsky is not bigger than God who will surely not leave those alone who wish to be grounded in love truth and humble kindness as the New Testament Jesus reveals

Church Dogmatics The Doctrine of Reconciliation, Volume 4, Part 3.1 Karl Barth,Thomas Forsyth Torrance,2004-01-30 Described by Pope Pius XII as the most important theologian since Thomas Aquinas the Swiss pastor and theologian Karl Barth continues to be a major influence on students scholars and

preachers today Barth's theology found its expression mainly through his closely reasoned fourteen part magnum opus *Die Kirchliche Dogmatik* Having taken over 30 years to write the *Church Dogmatics* is regarded as one of the most important theological works of all time and represents the pinnacle of Barth's achievement as a theologian T T Clark International is now proud to be publishing the only complete English translation of the *Church Dogmatics* in paperback **Zechariah Merrill F. Unger**,2014-07-10 **The Eschatology of the Restoration of All Things** Mike Parsons,2023-05-17 Eschatology is often thought of as describing the end of the world or end times Yet many have begun to conclude that the restoration of all things is an inevitable consequence of who God really is as Love encouraging them to look to the future with optimistic anticipation and expectation Isaiah prophesied no end to the increase of God's government and peace so why are believers still looking for an end Mike Parsons examines the reasons for this confusion exposing the Great Deception that lies behind it and proposing instead a happy eschatology in which all of God's children can recognise and fulfil their eternal destiny

Church Dogmatics Study Edition 27 Karl Barth,2010-11-04 The most important theological work of the 20th century in a new edition now available in individual volumes **Christianity, Antiquity, and Enlightenment** Victor Nuovo,2011-01-05 The volume will consist of a series of interpretative studies of Locke's philosophical and religious thought in historical context and consider his contributions to the Enlightenment and modern liberal thought *Prophecy* Mary Winey Morris,1931 **The Way Of One And The Fate of a World Divided** W.Alexander Wheeler, Ph.D.,2019-04-25 One need not hear the words of a prophet to know that we stand at the brink of explosive global change unparalleled in the history of the the world But if we are given the words of a prophet and fail to pay heed such change can now only lead to the final self destructive act in the human tragedy This book delivers to humanity a message commissioned by no less than the universal and unlimited Source of all knowledge wisdom and vision critical to the future survival of our world Like a topographical map that from a bird's eye view indicates to us the path of least resistance the Source points the way beyond war and violence greed and fear and toward a higher transcendental sanity to match the needs of the critical times in which we live The Way of One Given the ever increasing speed at which we are advancing toward our final destiny we can ill afford to defy or ignore the immortal and dramatic vision of truth that is contained within these pages *The Decalogue and a Human Future* Paul Louis Lehmann,1995 Building on a long career in the field of Christian ethics Paul Lehmann examines the role of the Ten Commandments in Christian life contending the Decalogue describes rather than prescribes human life as God would have us live it Lehmann is the author of *Ethics in a Christian Context* and *Transfiguration of Politics*
