

The background of the entire page is a high-contrast, close-up photograph of several Timken bearings. In the upper left, a bearing is shown from a side-on perspective, revealing its inner and outer rings and the arrangement of balls. Below it, another bearing is shown from a similar angle. In the foreground, two larger bearings are shown from a top-down perspective, highlighting their smooth, polished surfaces and the precision of their manufacturing. The lighting creates strong highlights and shadows, emphasizing the metallic texture and geometric forms of the components.
