**Analysis of Popular Culture's Modern Myths** David Reynolds, 2011-04-06 A semiotic and cultural anthropological interrogation of popular North American superhero narratives such as those of Superman Spider Man and Batman provides insight into how media s messages influence the culture s ethical values Since emerging in the late 1930s the superhero has become a pervasive figure in North American popular culture As an extension of ideas presented by Friedrich Nietzsche Joseph Campbell and Umberto Eco this dissertation argues that superhero tales must be regarded as modern mythology It follows that people observe and learn social norms of justice from such narratives since these ideals are intrinsic to the tales In investigating the superhero s role as a contemporary figure of myth this project focuses primarily on three areas an account of the history of the superhero from 1938 to present an examination of the cultural functions of contemporary superhero narratives and an interrogation of vigilantism responsibility and justice in these narratives and how those concerns further relate to ideologies and practices in North American culture **Burning the Box of Beautiful Things** Alex

**Popular Culture in Modern France** Brian Rigby, 2003-09-02 Culture is one of the most frequently used terms in the French vocabulary. It sells not only books, newspapers and magazines but also consumer products and political parties. But what are the meanings of culture populaire? What have the French understood by it and what is its history? Brian Rigby's lively and cogent study traces changing notions of popular culture in France from 1936, the year of the Popular Front, to the present day. Asking why culture has become such a fiercely contested term, Rigby considers the work of the major French theorists including Barthes, Bourdieu and Baudrillard

*Popular Culture and the State in East and Southeast Asia* Nissim Otmazgin, Eyal Ben-Ari, 2013-03-01 This volume examines the relations between popular culture production and export and the state in East and Southeast Asia, including the urban centres and middle classes of Taiwan, South Korea, Japan, Singapore, Indonesia, Malaysia, China, Thailand and the Philippines. It addresses the shift in official thinking toward the role of popular culture in the political life of states brought about by the massive circulation of cultural commodities and the possibilities for attaining soft power. In contrast to earlier studies, this volume pays particular attention to the role of states and cross-state cultural interactions in these processes. It is the first major attempt to look at these issues comparatively and to provide an important corrective to the limitations of existing scholarship on popular culture in Asia that have usually neglected its political aspects. As part of this move, the essays in this volume suggest a widening of disciplinary perspectives. Hitherto, the preponderance of relevant studies has been in cultural and media fields, anthropology or history. Here, the contributors explicitly draw on other disciplinary perspectives: political science and international relations, political economy, law and policy studies, to explore the complex interrelationships between the state, politics and economics and popular culture. This book will be of interest to

students and scholars of Asian culture society and politics the sociology of culture political science and media studies

what emotional responses we are encouraged to have towards difficult sometimes controversial characters or events The Cinema of Discomfort examines a number of case studies including Palindromes by Todd Solondz US and Dogtooth from Yorgos Lanthimos Greece along with other examples from Austria Sweden the UK the US and Germany Offering close textual analysis of the manner in which discomfort is generated it also asks how we should understand the appeal of such work to certain viewers and how the existence of films of this kind can be explained as products of both their socio cultural context and the more particular institutional realms of art and indie film
