would be a fun escape to go with her roommate to a Sheikh's party but she had never met the Sheikh. When they met, the sparks flew immediately. The Sheikh had mistaken Jenny for one of his airheads and Jenny had to give him a quick introduction to what a real woman is like. He didn't like that so much. Their time together would have been brief if it wasn't for one thing: the Sheikh was a wolf shifter and as a wolf, he had scratched Jenny. That presented a problem for the Sheikh. In order to keep his secret, his royal family made his victims disappear. The Sheikh didn't like Jenny, but he didn't want that. So coming up with a compromise, he decides to watch Jenny to see if his scratch would turn her into a wolf. And offering her a high-paying job that she can't refuse, he keeps her close enough to figure out if the virginal Jenny would have to die. Will Jenny turn into a wolf on the next full moon? Will the Sheikh let her die if she does? And will the two stop fighting with each other long enough to realize that they might be each other's perfect match? The clock is ticking for them to find out.
