Beauty Will Save the World Gregory Wolfe, 2014-04-08 Culture Not Politics We live in a politicized time Culture wars and increasingly partisan conflicts have reduced public discourse to shouting matches between ideologues But rather than merely bemoaning the vulgarity and sloganeering of this era says acclaimed author and editor Gregory Wolfe we should seek to enrich the language of civil discourse And the best way to do that Wolfe believes is to draw nourishment from the deepest sources of culture art and religious faith Wolfe has been called one of the most incisive and persuasive voices of our generation and this penetrating and wide ranging book makes a powerful case for the importance of beauty and imagination to cultural renewal He begins by tracing his own journey from a young culture warrior bent on attacking the modern world to a career devoted to nurturing the creation of culture through contemporary literature and art that renew the Western tradition Along the way Wolfe finds in Renaissance Christian humanists like Erasmus and Thomas More and their belief that imagination and the arts are needed to offset the danger of ideological abstractions a distant mirror in which to see our own times

will make all things new      **Contemporary Art and the Church** W. David O. Taylor,Taylor Worley,2017-06-20 The church and the contemporary art world often find themselves in an uneasy relationship in which misunderstanding and mistrust abound Drawn from the 2015 biennial CIVA conference these reflections from theologians pastors and practicing artists imagine the possibility of a renewed and mutually fruitful relationship between contemporary art and the church      U2 and the Religious Impulse Scott Calhoun,2019-08-22 U2 and the Religious Impulse examines indications in U2 s music and performances that the band work at conscious and subconscious levels as artists who focus on matters of the spirit religious traditions and a life guided by both belief and doubt U2 is known for a career of stirring songs landmark performances and for its interest in connecting with fans to reach a higher power to accomplish greater purposes Its success as a rock band is unparalleled in the history of rock n roll s greatest acts In addition to all the thrills one would expect from entertainers at this level U2 surprises many listeners who examine its lyrics and concert themes by having a depth of interest in matters of human existence more typically found in literature philosophy and theology The multi disciplinary perspectives presented here account for the durability of U2 s art and offer informed explanations as to why many fans of popular music who seek a connection with a higher power find U2 to be a kindred spirit This study will be of interest to scholars and students of religious studies and musicology interested in religion and popular music as well as religion and popular culture more broadly      **Aquinas's Eschatological Ethics and the Virtue of Temperance** Matthew Levering,2019-11-15 Matthew Levering offers a biblical and Thomistic portrait of the cardinal virtue of temperance and its allied virtues in dialogue with an ecumenical range of theologians and scholars In Aquinas s Eschatological Ethics and the Virtue of Temperance Levering argues that Catholic ethics make sense only in light of the biblical worldview that Jesus has inaugurated the kingdom of God by pouring out his spirit Jesus has made it possible for us to know and obey God s law for human flourishing as individuals and communities He has reoriented our lives toward the goal of beatific communion with him in charity which affects the exercise of the moral virtues that pertain to human flourishing Without the context of the inaugurated kingdom Catholic ethics as traditionally conceived will seem like an effort to find a middle ground between legalistic rigorism and relativistic laxism which is especially the case with the virtue of temperance the focus of Levering s book After an opening chapter on the eschatological biblical character of Catholic ethics the ensuing chapters engage Aquinas s theology of temperance in the Summa theologiae which identifies and examines a number of virtues associated with temperance Levering demonstrates that the theology of temperance is profoundly biblical and that Aquinas s theology of temperance relies for its intelligibility upon Christ s inauguration of the kingdom of God as the graced fulfillment of our created nature The book develops new vistas for scholars and students interested in moral theology      **Love Your God with All Your Mind** J.P. **Cultural Apologetics** Paul M. Gould, 2019-03-12 Renewing the Christian voice conscience and imagination so that we can become compelling witnesses of the Gospel in today's culture Christianity has an image problem While the culture we inhabit presents us with an increasingly anti-Christian and disenchanted position the church in the West has not helped its case by becoming anti-intellectual fragmented and out of touch with the relevancy of Jesus to all aspects of contemporary life The muting of the Christian voice its imagination and its collective conscience have diminished the prospect of having a genuine missionary encounter with others today Cultural apologetics attempts to demonstrate not only the truth of the Gospel but also its desirability by reestablishing Christianity as the answer that satisfies our three universal human longings truth goodness and beauty In Cultural Apologetics philosopher and professor Paul Gould sets forth a fresh and uplifting model for cultural engagement rooted in the biblical account of Paul's speech in Athens which details practical steps for establishing Christianity as both true and beautiful reasonable and satisfying You'll be introduced to The idea of cultural apologetics as distinct from traditional apologetics The path from disenchantment with how we understand reality to re-enchantment with the reality of the spiritual nature of things The practical tools of good cultural engagement conscience reason and imagination Equip yourself to see and help others see the world as it is through the lens of the Spirit deeply beautiful mysterious and sacred With creative insights Cultural Apologetics prepares readers to share a vision of the Christian faith that is both plausible and desirable offering clarity for those who have become disoriented in the haze of modern Western culture

**Acts of Faith and Imagination** Brent Little, Mark Bosco, SJ, 2023-08-04 Acts of Faith and Imagination wagers that fiction written by Catholic authors assists readers to reflect critically on the question what is faith To speak of a person's faith life is to speak of change and development As a narrative form literature can illustrate the dynamics of faith which remains in flux over the course of one's life Because human beings must possess faith in something whether religious or not it inevitably has a narrative structure faith ebbs and flows flourishes and decays develops and stagnates Through an exploration of more than a dozen Catholic authors novels and short stories Brent Little argues that

Catholic fiction encourages the reader to reflect upon their faith holistically that is the way faith informs one's affections and how a person conceives and interacts with the world as embodied beings. Amidst the diverse stories of modern and contemporary fiction a consistent pattern emerges. Catholic fiction portrays faith at its most fundamental often unconscious level as an act of the imagination. Faith is the way one imagines themselves, others, and creation. A person's primary faith conditions how they live in the world regardless of the level of conscious reflection and regardless of whether this is a religious faith. Acts of Faith and Imagination investigates the creative depth and vitality of the Catholic literary imagination by bringing late modern Catholic authors into dialogue with more contemporary ones. Readers will then consider well known works such as those by Graham Greene, Flannery O'Connor, and Muriel Spark in the fresh light of contemporary stories by Toni Morrison, Alice McDermott, Uwem Akpan, and several others.

**Prophetic Witness and the Reimagining of the World** Mark S. Burrows, Hilary Davies, Josephine von Zitzewitz, 2020-09-28. This book explores the prophetic characteristics of literature particularly poetry that seek to reimagine the world in which it is written. Using theological and philosophical insights it charts the relentless impulse of literature to propose alternative visions, practicable or utopian, and point toward possibilities of renewal and change. Drawing from each of the three main Abrahamic religions as well as Greek and Latin classics, an international group of scholars utilise a diverse range of analytical and interpretive methods to draw out the prophetic voice in poetry. Looking at the writings of figures like T.S. Eliot, Blake, Wittgenstein, and Isaiah, the theme of the prophetic is shown to be of timely importance given the current state of geopolitical challenges and uncertainties, and offers a much needed critical discussion of these broad cultural questions. This collection of essays offers readers an insight into the constructive power of literature. As such, it will be of great interest to scholars working in Religion and the Arts, Religious Studies, Theology, and Aesthetics.

**Religion and Art in the Heart of Modern Manhattan** Aaron Rosen, 2017-07-28. When you're in New York, the sculptor Louise Nevelson once said, you're in perpetual resurrection. She might have said the same thing about St. Peter's Lutheran Church, set in the heart of midtown Manhattan. In the 1970s, the church made a radical move, scrapping its neo-gothic building for a sleek, modern structure in the shadow of a skyscraper. The transformation was not just architectural. Inside, Nevelson created a shimmering chapel, while over the years, artists and designers such as Willem de Kooning, Kiki Smith, and Massimo and Lella Vignelli produced works for the sanctuary. This fusion of modern art, architecture, and design was complemented by an innovative jazz ministry, including funerals for Billy Strayhorn and John Coltrane, and performances by Duke Ellington and other jazz legends. For the first time, this volume examines the astounding cultural output of this single church. Just as importantly, the story of St. Peter's serves as a springboard for wider reflections on the challenges and possibilities which arise when religion and art intersect in the modern city. Working from a wide range of disciplines, including art history, theology, musicology, and cultural studies, a distinguished group of scholars demonstrate that this church, at the center of New York City, deserves an equally central place in contemporary scholarship.

**Evangelism**

**after Pluralism** Bryan Stone,2018-05-01 What does it mean to evangelize ethically in a multicultural climate Following his successful *Evangelism after Christendom* Bryan Stone addresses reasons evangelism often fails and explains how it can become distorted as a Christian practice Stone urges us to consider a new approach arguing for evangelism as a work of imagination and a witness to beauty rather than a crass effort to compete for converts in pluralistic contexts He shows that the way we lead our lives as Christians is the most meaningful tool of evangelism in today s rapidly changing world     **The Faithful Artist** Cameron J. Anderson,2016-11-10 Drawing upon his experiences as both a Christian and an artist Cameron J Anderson traces the relationship between the evangelical church and modern art in postwar America While acknowledging the tensions between faith and visual art he casts a vision for how Christian artists can faithfully pursue their vocational calling in contemporary culture     *Marking the Church* Greg Peters,Matt Jenson,2016-12-09 More than one person has joked over the years that Evangelical believers do not have an ecclesiology In one sense that is absurd Evangelical churches especially if you include Pentecostals in that group are some of the fastest growing most vibrant churches in the world Evangelicals are proclaiming the gospel praising the Lord reading the Bible and loving the poor But there is a case to be made that the Evangelical devotion to the mission of the church has left Evangelicals with little time to reflect on the church itself In this collection of essays first given at annual meetings of the Evangelical Theological Society the authors take time to reflect on the nature of the church in an Evangelical context asking after the way in which it is one holy catholic and apostolic     *The Inklings and Culture* Monika B.
