critical groundbreaking period in popular culture and its enduring importance The book covers rock artists who emerged or came to prominence in the period ranging 1965 1975 and follows their careers through the present It also specifically defines

the term classic rock and identifies the criteria that a song must meet in order to be considered as within the genre While the coverage naturally includes the cultural importance and legacy of most well known American and British bands of the era it

also addresses the influence of artists from Western and Eastern Europe Africa Asia and Latin America Readers will grasp how the music of the classic rock era was notably more sophisticated than what preceded it an artistic peak from which most
