Form as Harmony in Rock Music Drew Nobile, 2020 Overturning the inherited belief that popular music is unrefined Form as Harmony in Rock Music brings the process based approach of classical theorists to popular music scholarship Author Drew Nobile offers the first comprehensive theory of form for 1960s 70s and 80s classic rock repertoire showing how songs in this genre are not simply a series of discrete elements but rather exhibit cohesive formal harmonic structures across their entire timespan Though many elements contribute to the cohesion of a song the rock music of these decades is built around a fundamentally harmonic backdrop giving rise to distinct types of verses choruses and bridges Nobile's rigorous but readable theoretical analysis demonstrates how artists from Bob Dylan to Stevie Wonder to Madonna consistently turn to the same compositional structures throughout rock's various genres and decades unifying them under a single musical style Using over 200 transcriptions graphs and form charts Form as Harmony in Rock Music advocates a structural approach to rock analysis revealing essential features of this style that would otherwise remain below our conscious awareness A Quick Guide to Guitar Chords Steve Gorenberg, 2019-07-01 Guitar Educational Fast Easy Approach to Simple One Two and Three Finger Chords Plus Dozens of Popular Songs to Get You Started Learn to play guitar chords fast with this easy guide and songbook You'll get started gradually with one finger versions of the quintessential open chords so you can strum and sing songs right away Then the book progresses to two and three finger chords before eventually reaching full open chords and beyond The end of the book features several full song arrangements of popular tunes by Green Day Guns N Roses Lady Gaga Taylor Swift and Metallica You'll learn to play chords with over 30 popular songs including ABC Ain't No Sunshine Eleanor Rigby Firework Free Fallin Good Riddance Time of Your Life Hey Jude Hotel California In the End Love Story Million Reasons Nothing Else Matters Something in the Way Stay with Me Sweet Caroline Try Wild Thing and more Michael Jackson: All the Songs François Allard, Richard Lecocq, 2018-10-04 Please note this edition is text only and does not contain images This is the full story of every single song that Michael Jackson recorded and released during his long and remarkable solo career With fascinating stories and detailed information on every track as well as key early songs with The Jackson Five and his legendary dance moves and videos All the Songs is the complete history of one of the greatest musical legacies of all time Arranged chronologically by album expert authors Lecocq and Allard explore the details behind early hits such as ABC and I Want You Back to solo masterpieces such as Don't Stop Til You Get Enough Billie Jean Beat It Smooth Criminal Black or White This Is It and more including outtakes duets and rare tracks Explore the magic behind the King of Pop's music with this in depth captivating book Crook Manifesto Colson Whitehead, 2024-06-04 Two time Pulitzer Prize winning Colson Whitehead continues his Harlem saga in a powerful and hugely entertaining novel that summons 1970s New York in all its seedy glory It's 1971 Trash piles up on the streets crime is at an all time high the city is careening towards bankruptcy and a shooting war has broken out between the NYPD and the Black Liberation Army Amidst this collective nervous breakdown
