## **Be A Motivational Leader Lasting Leadership Principles:**

Be a Motivational Leader LeRoy Eims, 2012-07-01 In today's tough business climate leaders are often driven by the bottom line. But focusing on results can devalue the most critical part of success: Your team. So how can we shift our perspective from profits to people? Simple. We redefine what it means to lead. This is a revolutionary and biblical guide to the art of leadership. Developed by renowned leadership coach and author LeRoy Eims, *Be A Motivational Leader* provides an insightful practical look at the 12 essential qualities of a leader. You'll discover how to build personal character to build your team, take responsibility in your life and job, cultivate both professional and personal success, mentor and develop new leaders, model achievement to those around you. Throughout you'll be challenged to grow, encouraged to lead with integrity and inspired to help your team catch a vision bigger than their own. **Be the Leader You Were Meant to Be** LeRoy Eims, 2012-07-01 Leaders aren't born; they're made. Becoming a successful leader is a continual, lifelong process. It's a journey that requires discipline, intention, and drive. Yet true leadership is not about what we do; it's about who we are. So how can we become leaders of integrity, passion, and excellence? *Be The Leader You Were Meant To Be* is a definitive resource for creating leaders who make a difference. Biblically based, time-tested, and real-world proven, this landmark guide offers powerful practical insights for personal and professional development. Inside you'll learn how to cultivate the traits of an effective leader, why some leaders succeed more than others, God's standard for authentic leadership, how to resolve career challenges and difficulties, how to excel in any profession, discover how you can make an impact in your workplace, on your team, and in your life. And uncover the leader that God intended you to be. Pretoria Leadership Conference Derick De Jongh, 2024-11-01 The Albert Luthuli Centre for Responsible Leadership invited papers related to responsible leadership from a transdisciplinary perspective involving the social and natural sciences. Subsequent to a lengthy review process, fifteen authors were invited to present at the 3rd International Conference on Responsible Leadership. From these five papers, were finally selected to appear in this Special Edition. Management, leadership, and business knowledge by itself cannot ensure a sustainable and equitable future. What is needed is an integration of knowledge about responsible leadership across disciplinary boundaries ranging from management studies and the physical sciences to law, the humanities, and social science. Only by integrating across current disciplinary boundaries can we find hope for generating what has been termed earth system governance: a way for humanity to manage the complexities of the world to create a just, equitable, and sustainable world for all. The five papers included in this special edition provide insight into responsible leadership and the importance of interdisciplinary dialogue in an interconnected and complex world. The perspectives converge to give us focused insights on responsible leadership as an emerging discourse, confirming the importance of bridging science, business, and politics, and the role that responsible leadership plays in this.
