Be The Fourth Missionary:

The Mormon Missionaries Janis Hutchinson,1995 A presentation of the various techniques and strategies used by Mormon missionaries Based on the author s firsthand experience in Mormonism **Modern Trinitarian Perspectives** John Thompson,1994-09-15 One of the more important developments in the field of theology in the past two decades has been a gradual but genuine revival of interest in the doctrine of the Trinity This fundamental Christian doctrine had been neglected by theologians who saw it as isolated from practical Christian faith and life Recently however feminist and liberationist as well as more traditional Catholic and Protestant theologians have come to see the Trinity not as an abstract doctrine but instead as dealing with the living and dynamic being and acts of God and closely related to Jesus Christ and the resurrection as the mystery of salvation This insight has in many ways become one of the central themes of contemporary theology In this study Irish Presbyterian theologian John Thompson provides a survey of the wide variety of modern thought on this important theme examining the work of figures like Karl Barth Karl Rahner Wolfhart Pannenberg and Jurgen Moltmann and their views on such issues as the relationship of the trinitarian doctrine to Scripture the Church philosophy politics and society **The Foundation of the Catholic Mission in Hong Kong, 1841-1894** Ha Keloan Louis,2018-06-02 The Catholic Church is one of the few institutions that have survived since the inception of the British colony She has contributed much during its development As early as 1841 she set up a mission in Hong Kong She and her various religious orders and congregations engaged in charitable works for the poor and the elderly in the early days of Hong Kong greatly relieving the burden on the newly established colonial government Today apart from religious services the Catholic Church still plays an important role in providing Hong Kong with diversified and professional services in medical care education and social welfare Historical studies on the Catholic Church in Hong Kong of a comprehensive nature are rare in comparison with other religions The reasons of this may include the complicated organizational structure of the Catholic Church and the multiple languages used in the archival documents such as Latin French Italian and Portuguese As a Catholic clergy the author of this book Fr Louis Ha is knowledgeable about the internal operation of the Church He is also familiar with many European languages which help him master the original records and guarantee the credible result of his research The contents of this book are based on the large number of documents provided by the Hong Kong Diocesan Archives Office by archives in the Vatican and in various religious orders in Europe As an objective and impartial historian Fr Louis Ha honestly pointed out the power struggle in the Church the confrontation with the government the competition between Chinese and foreign clerics In fact a candid description of the Catholic Church in Hong Kong is shown in front of the readers Definitely it is a precious reference book for the study of the local society religion education and charitable work in early Hong Kong **The Pentecostal Mission in Palestine** Eric Nelson Newberg,2012-06-13 The Pentecostal mission in Palestine is a virtually unknown episode in the history of Pentecostalism Its story begins in 1906 at the Azusa Street Revival from which missionaries were sent to

Palestine In its first thirty years the Pentecostal mission in Palestine gained a foothold in Jerusalem and expanded its reach into Jordan Syria and Iran It was severely tested and lost traction during the tumultuous period of the Arab Revolts World War II and the Partition Crisis With the catastrophic war of 1948 the Pentecostal missionaries fled as their Arab clients were swept away in the Palestinian Diaspora After 1948 a valiant attempt was made to revive the mission but only with relative success Although the Pentecostal missionaries failed in their objective of converting Jews and Muslims they were eyewitnesses of the formative events of the Arab Israeli conflict Newberg argues that the Pentecostal missionaries functioned as brokers of Pentecostal Zionism He offers a postcolonial assessment of the Pentecostal missionaries crediting them for advocating philosemitism yet bringing them up short for disregarding the civil rights of Palestinian Arabs espousing Islamophobia and contributing to the forces working against peace in the Holy Land

From the Mountains to the Sea - A History of Los Angeles John Steven McGroarty,2016-10-17 What the author of this book has to tell is the true story of a great City that was founded by order of the King in the old days when the Western World was new It is the story of a City that for a century of time after its birth showed few signs of promise but which has now come to be the Greatest City of Western America and the metropolis of California the Land o Heart s Desire The history of any city that can be named almost is a story of its fortune that came from location or other accident to make it great But Los Angeles is a City that was made great by the people who one day found it sleeping in the sun oblivious to its destiny They were for the most part people who came from far regions of America seeking a more agreeable climate than that to which they had been accustomed This is the truth of the matter Report American Board of Commissioners for Foreign Missions,1871

This book is Volume 2 of three volumes and contains a different collection of Bible topics than each of the other two volumes These topics like the previous topics in the other two volumes will also allow the reader to easily identify and with little or no effort on their part to commit to memory exactly what God expects of them from within HIS written Word Although this will not necessarily bring about the reader s ability to remember precisely where each of these topics appears in the Bible s book chapter and verse it will after reading enough of these topics make their daily Bible reading much easier and so much more enjoyable due to their new found understanding The reader will also discover when studying topic by topic they will remember the subject matter much better than when these particular subjects flew by them at lightning speed while reading along in their Bible These self contained Bible studies work for everyone It doesn t matter where one stands in their faith or how much they know about the Bible these studies will work For those who are well rooted in the Word these studies will work for them as a review those who own an average understanding of God s Word will be able to use these studies not only as a review but also for learning something that God has said and they had previously missed Those who know very little about the Word of God will be able to learn a great deal from these topical studies since they are self contained and require no explanation because all commentary is backed up with book chapter and verse from the inspired Word of God Those who know nothing about the Word and are seeking to learn about God the Father God the Son God the Holy Spirit their salvation and the existence of this spiritual world they have heard so much about will now be able to learn straight from His Word right in the comfort of their living room whatever it is they want to know **Legends,**
