The Open Door By Elizabeth Maguire:

The Open Door Elizabeth Maguire, 2008 After the death of her mother Constance Fenimore Woolson leaves the United States for Europe in pursuit of Henry James not because she s in love with him but because she s transfixed by his writing And while he does eventually give Constance his attention it s not without a price Henry James in Contemporary Fiction Bethany Layne, 2020-03-11 This book explores the extraordinary proliferation of novels based on Henry James s life and works published between 2001 and 2016 the centenary of his death Part One concentrates on biofictions about James by David Lodge and Colm T ib n and those written from the perspective of the key female figures in his life Part Two explores appropriations of The Portrait of a Lady The Turn of the Screw and The Ambassadors The book articulates the developments in biographical and adaptive writing that enabled millennial writers to engage so explicitly with James locates the sources of his appeal and explores the different forms of engagement taken Layne analyses how these manifestations of James s legacy might function differently for knowing versus unknowing readers and how they might perform the role of literary criticism Overarching themes include ideas of queering the concern with seeking redress and the frustrated quest for origin Witness to Reconstruction Kathleen Diffley, 2011-07-18 In the wake of the Civil War authenticity or the real thing Constance Fenimore Woolson became one of the first northern observers to linger in the defeated states from Virginia to Florida Born in New Hampshire in 1840 and raised in Ohio she was the grandniece of James Fenimore Cooper and was gaining success as a writer when she departed in 1873 for St Augustine During the next six years she made her way across the South and reported what she saw first in illustrated travel accounts and then in the poetry stories and serialized novels that brought unsettled social relations to the pages of Harper's Monthly the Atlantic Scribner's Monthly Appletons Journal and the Galaxy In the midst of Reconstruction and in print for years to come Woolson revealed the sharp edges of loss the sharper summons of opportunity and the entanglements of northern misperceptions a decade before the waves of well heeled tourists arrived during the 1880s This volume s sixteen essays are intent on illuminating through her example the neglected world of Reconstruction's backwaters in literary developments that were politically charged and genuinely unpredictable Drawing upon the postcolonial and transnational perspectives of New Southern Studies as well as the cultural history intellectual genealogy and feminist priorities that lend urgency to the portraits of the global South this collection investigates the mysterious ravaged territory of a defeated nation as curious northern readers first saw it The Advocate ,2008-07
