The Walk By Robert Walser:

The Walk Robert Walser, 2012 Robert Walser's preferred alternate version of his classic tale In a new translation by Susan Bernofsky The Walk is an elegant consideration of walking and the philosophical musings it engenders **Reading Robert Walser** Simon Wortham, 2025-05-06 Reading Robert Walser concentrates on the letters sent by the author Robert Walser to Frieda Mermet the laundry manager at a Swiss psychiatric hospital where his sister worked as a teacher Their exchange continued from 1913 to 1942 covering the time when Walser's literary fortunes declined after which he himself was placed in an asylum for almost three decades before his death in 1956 This epistolary history provides a reflection on the question of correspondence and literature particularly the subject of lost correspondence gender the question of address and the performance of identity Simon Wortham frames the letters with an extensive critical biography about the life and writing of Robert Walser whose work has enjoyed a resurgence in recent years As her side of the exchange no longer survives the book concludes with a fictional reimagining of Mermet's response to Walser's letters This creative part is carefully introduced by chapters on epistolary writing in a range of critical settings from modernism to literary theory and deconstruction as well as exploring what is at stake in creative engagements with a literary legacy of this kind Praise for Reading Robert Walser The very question of a subject is at stake in this enchanting book Intriguingly each chapter has a different voice from a man writing about Walser to a man writing as a woman speaking as Walser with a chorus in between that produces an exhilarating threefold reading of strangely connected desires Sharon Kivland artist writer and editor of the independent press MA BIBLIOTH QUE Reading Robert Walser gifts us a psychologically flexible approach to the incomparably brilliant modernist writer Never pathologizing Wortham shows that Walser's texts challenge us to think asexuality and queerness in new and dynamic ways Rather than pathologizing Walser Wortham productively stays under Walser's spell Barbara N Nagel Princeton University **The Walk and Other Stories** Robert Walser, 1957 For contents see Author Catalog **The Walk** Robert Walser, 2013-05-02 Ranging from one page fantasies to novella length studies of everyday existence The Walk reveals the irresistible genius of one of the twentieth century's greatest writers Under appreciated even in his own lifetime Robert Walser has nonetheless been recognised by such writers as W G Sebald Susan Sontag Franz Kafka Herman Hesse and J M Coetzee Like Kafka and Sebald Walser wrote about the solitude and unease of human existence Honest wry and idiosyncratic his stories are snapshots of the lives great artists poor young men beautiful women and talking animals alike Ranging from the realist to the allegorical the short fiction collected in this volume demonstrates Walser's uncanny ability to capture both life's strangeness and its small joys **The Turn of the Century** Christian Berg, Frank Durieux, Geert Lernout, 1995 Rewritten versions of contributions to an international conference held at the University of Antwerp in May 1992 Starting point for the conference was the vagueness of the very terms modernism and modernity In the first section a group of comparatists address the theoretical and terminological problems of modernism

Practical readings of modernist writers discussions of different modernist movements and the work of critics who have contributed to debates about modernism make up the second section The third section looks at the problem of modernism from an interartistic and interdisciplinary perspective

Clairvoyant of the Small Susan Bernofsky,2021-05-25 The first English language biography of one of the great literary talents of the twentieth century written by his award winning translator Bernofsky takes us into the heart of an artist s life work struggles brilliantly illuminating Walser s exquisite sensibility and uncompromising radical innovations while deftly tracking how his life gradually came apart at the seams A tragic and intimate portrait Amy Sillman Robert Walser is the perfect pathetic poet pithy awkward drinks too much sibling rivalrous ambitious broke and mentally ill Was he proto queer or trans this red headed writer who next to Gertrude Stein might be the most influential writer of our moment Riveting and heart breaking this biography kept me drunk for days Eileen Myles The great Swiss German modernist author Robert Walser lived eccentrically on the fringes of society shocking his Berlin friends by enrolling in butler school and later developing an urban nomad lifestyle in the Swiss capital Bern before checking himself into a psychiatric clinic A connoisseur of power differentials his pronounced interest in everything inconspicuous and modest social outcasts and artists as well as the impoverished marginalized and forgotten prompted W G Sebald to dub him a clairvoyant of the small His revolutionary use of short prose forms won him the admiration of Franz Kafka Walter Benjamin Robert Musil and many others He was long believed an outsider by conviction but Susan Bernofsky presents a more nuanced view in this immaculately researched and beautifully written biography Setting Walser in the context of early twentieth century European history she provides illuminating analysis of his extraordinary life and work bearing witness to his extreme artistic delight

The Principle of Rapid Peering Sylvia Legris,2024-04-02 A lyrical guide through Saskatchewan s Aspen Parkland by a poet whose work is fizzing with ecological intellect Times Literary Supplement Self seeding wind is a wind of ever replenishing breath from The Walk or The Principle of Rapid Peering The title of Sylvia Legris melopoeic collection The Principle of Rapid Peering comes from a phrase the nineteenth century ornithologist and field biologist Joseph Grinnell used to describe the feeding behavior of certain birds Rather than waiting passively for food to approach them these birds live in a continuous mode of rapid peering Legris explores this rich theme of active observation through a spray of poems that together form a kind of almanac or naturalist s notebook in verse Here is where nature converges with words as the poet walks through prairie habitats near her home in Saskatchewan through lawless chronologies and mellifluous strophes of strobili and solstice Moths appear

Walking Tom Jeffreys,2024-08-06 *Walking* surveys the proliferation of pedestrian practices across contemporary art taking an avowedly political stance on where and how the three practices of art walking and writing intersect Across the world walking is a vital way to assert one s presence in public space and discourse *Walking* maps the terrain of contemporary walking practices foregrounding work by Black artists Indigenous artists and artists of colour working class artists LGBTQI artists disabled artists and neurodiverse artists as well as many more who are frequently denied the right to take their places in public space not only in the street or the countryside but also in art discourse This anthology contends that as a relational practice walking inevitably touches upon questions of access public space land ownership and use *Walking* is therefore always a political act Artists surveyed include Stanley Broun Laura Grace Ford Regina Jose Galindo Emily Hesse Tehching Hsieh Kongo Astronauts Myriam Lefkowitz Sharon Kivland Andre Komatsu Steve McQueen Jade Montserrat Sara Morawetz Paulo Nazareth Carmen Papalia Ingrid Pollard Issa Samb Sop Iman Tajik Tentative Collective Anna Zvyagintseva Writers

On Belonging and Not Belonging Mary Jacobus,2024-11-26 A look at how ideas of translation migration and displacement are embedded in the works of prominent artists from Ovid to Tacita Dean *On Belonging and Not Belonging* provides a sophisticated exploration of how themes of translation migration and displacement shape an astonishing range of artistic works From the possibilities and limitations of translation addressed by Jhumpa Lahiri and David Malouf to the effects of shifting borders in the writings of Eugenio Montale W G Sebald Colm T ib n and many others esteemed literary critic Mary Jacobus looks at the ways novelists poets photographers and filmmakers revise narratives of language identity and exile Jacobus s attentive readings of texts and images seek to answer the question What does it mean to identify as or with an outsider Walls and border crossings nomadic wanderings and Alpine walking the urge to travel and the yearning for home Jacobus braids together such threads in disparate times and geographies She plumbs the experiences of Ovid in exile Frankenstein s outcast Being Elizabeth Bishop in Nova Scotia and Brazil Walter Benjamin s Berlin childhood and Sophocles s Antigone in the wilderness Throughout Jacobus trains her eye on issues of transformation and translocation the traumas of partings journeys and returns and confrontations with memory and the past Focusing on human conditions both modern and timeless *On Belonging and Not Belonging* offers a unique consideration of inclusion and exclusion in our world

Landscape's Revenge Caio Yurgel,2018-11-05 *Landscape as it appears* and is described throughout the works of Bernardo Carvalho and Robert Walser provides an excellent yet virtually unexplored pathway to the authors literary projects The landscape functions here as a synthetic and unifying figure that triggers at first through the analysis of its description per se the main and most evident elements of the authors works However when sustained as a methodological figure beyond

the scope of its own description the landscape soon reveals a darker far more fascinating and far less explored side of the authors oeuvres a vengeful seemingly defeatist resentment against the status quo which gives way to the more latent and biting elements of the authors prose such as irony the unheimlich an anti heroic agenda the apocalyptic aesthetics of a disaster prone fictional world as well as an understanding of history and literature through the figures of failure and marginality By drawing from diverse critical traditions from Latin America and Europe this comparative text seeks to unravel in all of its complexity and scope the fictional stage upon which Walser s and Carvalho s characters narrate with their dying breath a world that is slowly undoing itself

The Modern Essay in French Charles Forsdick, Andy Stafford, 2005 As a textual form the *essai* predominates in modern and contemporary literature in French Emerging from an earlier tradition and distinguished from its English language counterpart the French language essay ranges from St phane Mallarm to Colette Victor Segalen to Aim C saire Jean Grenier to Pierre Michon The *essai* remains however one of the most hazily identified of textual forms its definition often depending on the progressive elimination of all other generic possibilities Excluded from the archigenres theatre poetry r cit it can even be seen as a hold all category whose role is to absorb the anarchic extremes of writing It is perhaps this very lack of pretension to orthodoxy that has drawn so many writers to the *essai* The conventional understanding of the term as a tentative unsystematic exploration stresses the genre s provisional nature its refusal of any claims to comprehensiveness The *essai* exploits the devices of anecdote illustration and humour it is addressed to a wide and often general audience it is also intricately linked to the performance of ideological and writerly strategies often reordering the classical art of rhetoric and persuasion As the contributions to this volume show there is a need to outline an ethics and politics as well as poetics of essayism
