The Prophetess By Barbara Wood:

The Prophetess Barbara Wood, 2015-06-02 The time is December 1999 Millennial fever holds the world in its grip stirring ancient and terrible fears that the apocalypse is at hand In the Sinai desert archeologist Catherine Alexander just unearthed a cache of six ancient papyrus scrolls that point to the millennium s most transforming secret Discovered inside the legendary Well of Miriam a site named after the ancient prophetess who was the sister of Moses the scrolls reveal a hidden history of the world and its religions a series of shattering revelations that governments will do anything to suppress and that an enigmatic billionaire named Miles Havers will do anything to possess But there is more a seventh scroll that contains a secret of almost unimaginable power It is a secret that may cost Catherine her life as she dodges government agents Vatican operatives and cyberspace perils in her race to translate the scrolls and release their powers to the world Aided by two very different and compelling men Dr Julius Voss and Father Michael Garibaldi Catherine finds herself caught up in the adventure of a lifetime and a struggle that she must win

The Blessing Stone Barbara Wood, 2025-06-25 From the 1 internationally bestselling author comes a sweeping epic that chronicles the history of the world through the destiny of a mysterious blue stone Millions of years ago a meteorite fell to earth and shattered revealing a beautiful blue stone One hundred thousand years ago a girl named Tall One found the crystal on the African plain and it formed her destiny as well as the destiny of generations to come From ancient Israel to Imperial Rome medieval England to fifteenth century Germany the eighteenth century Caribbean and the nineteenth century American West the destiny of the stone and the history of the world unfold Each story is full of the betrayals and obsessions of the human heart and the quests of the human spirit In *The Blessing Stone* Barbara Wood has both told the intimate details of her characters lives and created a sense of the epic sweep of human history

Secret Scrolls Robert M. Price, 2010-12-27 *Secret Scrolls* is the very first examination of some forty novels in which someone discovers a new gospel Sometimes it turns out to be a hoax will it be debunked before it can work its mischief If it proves genuine will it be brought to light Or will corrupt church officials manage to prevent it The book evaluates what each author has to say about historical Jesus scholarship or New Testament research in general Sometimes the authors have done their homework other times they haven t bothered and they wind up dishing up crazy rewrites of history and outlandish theories These novels deal with abiding issues of faith even without some new discovery As soon as one engages in biblical apologetics one has stepped onto the marshy ground of probabilistic arguments an entirely different epistemology that automatically replaces simple faith And so one comes to hold one s religious convictions more tentatively having become genuinely vulnerable to new evidence One may not remain a believer for long On the other hand one invites fanaticism if one s faith is dangerously predicated on the assurance that no new discovery will send one back to the drawing board *Secret Scrolls* assesses what each author imagines it would take to derail and debunk Christianity How mighty a blow must be dealt before the religion would fall Dan Brown s notion that a married Jesus would debunk the Nicene Creed is

laughable As Wilbert Francis Howard once argued in his brief and fascinating history of New Testament research there is a genuine romance of New Testament scholarship and many of us are delighted to have the adventure continue in the speculative imaginations of capable novelists These books can both entertain and educate and so will Secret Scrolls

Gospel Thrillers Andrew S. Jacobs, 2023-11-30 What if the original teachings of Jesus were different from the Bible's sanitized orthodox version What covert motivations might inspire those who decide what the text of the Bible says or what it means For some who ask conspiratorial questions like these the Bible is the vulnerable victim of secular forces seeking to divest the USA of its founding identity For others the biblical canon suppresses religious truths that could upend the status quo Such suspicions surrounding the Bible find full expression in Gospel Thrillers a 1960s fictional genre that endures and still commands a substantial following These novels imagine a freshly discovered first century gospel and a race against time to unlock its buried secrets They also reflect the fears and desires that the Bible continues to generate Andrew Jacobs reveals in his authoritative examination how this remarkable fictional archive opens a window onto disturbing biblical anxieties

Kartzow,2025-01-23 This volume explores the idea of the unruly book from books now known by their titles alone to books that subverted structures of power and gender The contributors show how these books functioned as sticky objects and they examine the story of what such books signified to the people who wrote read discussed yearned for or even prohibited them The books examined are those of the first millennium of the Common Era and the writings of Judaism Christianity Islam and related traditions In particular the contributors examine the bounty of books within this period that are hard to pin down whether extant lost or imagined books that challenge modern scholars to reconceptualize our notions of books biblical or otherwise religion manuscript culture and intellectual history Through the critical analyses presented in this volume the contributors negotiate the diverse stories told by unruly books and show that by listening to the stories that books tell we learn more about the worlds that imagined and discussed them **Talking Book Topics** ,1999 Includes audio versions and annual title author index
