## **The Soul Of Kierkegaard Selections From His Journals By Søren Kierkegaard:**

The Soul of Kierkegaard Søren Kierkegaard, 2012-07-12 Kierkegaard's journals reflect his further thoughts on the ideas developed in his philosophical and theological works on his tumultuous career as an author and on his own relationship with his work and readers

**Christian Discourses** Søren Kierkegaard, 2007 The International Kierkegaard Commentary For the first time in English the world community of scholars systematically assembled and presented the results of recent research in the vast literature of Søren Kierkegaard Based on the definitive English edition of Kierkegaard's works by Princeton University Press this series of commentaries addresses all the published texts of the influential Danish philosopher and theologian This is volume 17 in a series of commentaries based upon the definitive translations of Kierkegaard's writings published by Princeton University Press 1980ff

**The Nation with the Soul of a Church** Sidney Earl Mead, 1985

*Kierkegaard's Journals and Notebooks, Volume 7* Søren Kierkegaard, 2014-10-05 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Volume 7 of this 11 volume series includes six of Kierkegaard's important NB journals Journals NB15 through NB20 covering the months from early January 1850 to mid September of that year By this time it had become clear that popular sovereignty ushered in by the revolution of 1848 and ratified by the Danish constitution of 1849 had come to stay and Kierkegaard now intensified his criticism of the notion that everything even matters involving the human soul could be decided by balloting He also continued to direct his barbs at the established Danish Church and its clergy particularly Bishop J P Mynster and Professor H L Martensen at the press and at the attempt by modern philosophy to comprehend the incomprehensibility of faith Kierkegaard's reading notes include entries on Augustine the Stoics German mystics Luther pietist authors and Rousseau while his autobiographical reflections circle around the question of which if any of several essays explaining his life and works he ought to publish Perhaps unsurprisingly Kierkegaard's more personal reflections

return once again to his public feud with M A Goldschmidt and his broken engagement to Regine Olsen Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced

**From Despair to Faith** Christopher B. Barnett, 2014-07-03 Søren Kierkegaard has been called many things from brooding genius and melancholy Dane to the father of existentialism Yet rather than clarify the nature of Kierkegaard's writings such labels have often obscured other important aspects of his authorship Such indeed is the case with Kierkegaard standing as a spiritual author In *From Despair to Faith: The Spirituality of Søren Kierkegaard* Christopher B Barnett endeavors to remedy this problem He does so in two overarching ways First he orients the reader to Kierkegaard's grounding in the Christian spiritual tradition as well as to the Dane's own authorial stress on themes such as upbuilding spiritual journey and faith Second Barnett maintains that Kierkegaard's spirituality is best understood through the various pictures that populate his authorship These pictures are deemed icons of faith since Kierkegaard consistently recommends that the reader contemplate them In this way they both represent and communicate what Kierkegaard sees as the fulfillment of Christian existence In the end then *From Despair to Faith* not only offers a new way of approaching Kierkegaard's writings but also shows how they might serve to illuminate and to deepen one's relationship with the divine *Papers and Journals* Søren

Kierkegaard, 2015-08-06 One of the greatest thinkers of the nineteenth century Søren Kierkegaard 1814-55 often expressed himself through pseudonyms and disguises Taken from his personal writings these private reflections reveal the development of his own thought and personality from his time as a young student to the deep later internal conflict that formed the basis for his masterpiece of duality *Either/Or* and beyond Expressing his beliefs with a freedom not seen in works he published during his lifetime Kierkegaard here rejects for the first time his father's conventional Christianity and forges the revolutionary idea of the leap of faith required for true religious belief A combination of theoretical argument vivid natural description and sharply honed wit the *Papers and Journals* reveal to the full the passionate integrity of his lifelong efforts to find a truth which is truth for me **Early Polemical Writings** Robert L. Perkins, 1999 This collection is the first focused effort to bring modern research techniques to bear on Kierkegaard's earliest polemical writings and literary efforts as gathered in the first volume of Kierkegaard's *Writings* under the title *Early Polemical Writings* Some of these pieces the speech at the student union *Our Journalistic Literature* and the rather strident though silly play *The Battle between the Old and the New Soap Cellars* were not published during Kierkegaard's lifetime **Becoming Christian** Bill J.

Leonard, 1990-01-01 Drawing upon the perspectives of Christian education biblical studies worship ethics the arts the role of women the role of minorities sexuality and vocation this book provides a multifaceted picture of the meaning of spirituality *Becoming Christian* is an accessible text that introduces readers to the important issues involved in being a Christian

**Kierkegaard's Journals and Notebooks, Volume 4** Søren Kierkegaard, 2011-07-25 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought, psychology and contemporary aesthetics especially literary theory. Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings. But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks. Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries. By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects: philosophical, religious, political, personal. Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts, new insights and fragments large and small of partially or almost entirely completed but unpublished works. Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself. Volume 4 of this 11 volume series includes the first five of Kierkegaard's well-known NB journals which contain in addition to a great many reflections on his own life a wealth of thoughts on theological matters as well as on Kierkegaard's times including political developments and the daily press. Kierkegaard wrote his journals in a two-column format: one for his initial entries and the second for the extensive marginal comments that he added later. This edition of the journals reproduces this format, includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced.

*Kierkegaard's Journals and Notebooks, Volume 5* Søren Kierkegaard, 2012-01-29 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought, psychology and contemporary aesthetics especially literary theory. Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings. Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought. We can witness the genesis of his published works to be sure but we can also see

whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Volume 5 of this 11 volume series includes five of Kierkegaard's important NB journals Journals NB6 through NB10 covering the months from summer 1848 through early May 1849 This was a turbulent period both in the history of Denmark which was experiencing the immediate aftermath of revolution and the fall of absolutism a continuing war with the German states and the replacement of the State Church with the Danish People's Church and for Kierkegaard personally The journals in the present volume include Kierkegaard's reactions to the political upheaval a retrospective account of his audiences with King Christian VIII deliberations about publishing an autobiographical explanation of his writings and an increasingly harsh critique of the Danish Church These journals also reflect Kierkegaard's deep concern over his collision with the satirical journal *Corsair* an experience that helped radicalize his view of essential Christianity and caused him to ponder the meaning of martyrdom Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive scholarly commentary on the various entries and on the history of the manuscripts being reproduced

**Kierkegaard's Journals and Notebooks, Volume 2** Søren Kierkegaard, 2007 Published in cooperation with the Søren Kierkegaard Research Centre Foundation Copenhagen **Søren Kierkegaard's Journals and Papers, 1845-1855** Søren Kierkegaard, 1967 **The Journals of Søren Kierkegaard** Søren Aabye Kierkegaard, Alexander Dru, 1951 *Søren Kierkegaard's Journals and Papers, Volume 1* Søren Kierkegaard, Gregor Malantschuk, 1967-03-22 I can be understood only after my death Kierkegaard noted prophetically the fulfillment of this expectation for the English speaking world a century and a quarter later is signified by the English translation in authoritative editions of all his works by the indefatigable Howard and Edna Hong The importance of the *Papirer* was emphasized by Kierkegaard himself The essentially religious interpretation he gave to his mission in life and his personal relationships is now documented clearly and exhaustively Obviously these editions are essential for academic and large general collections Library Journal From this point on anyone interested in tracking down a Kierkegaardian theme will have to consult the Hong presentation as well as the books of Kierkegaard Annual Review of Philosophy The translations are entirely excellent One envies the Hong's their capacity in language the breadth of their reading in Kierkegaard and his sources and the dedication they brought to this Herculean task The assistance of Gregor Malantschuk has contributed materially to the notes which serve as trenchant summaries of Kierkegaard's thought on the topics This is indeed a monumental work Review of Metaphysics an astonishing labor of editing and translating International Studies in Philosophy Howard and Edna Hong have brought to the task solid scholarship linguistic competence an imaginative and useful arrangement of the material and a scrupulous self effacement before the work No one could ask for more Citation of the

Judges at the National Book Awards We must be grateful to the Hongs for their enormous labor Kierkegaard's Journals and Papers are worth having for angry days or inward days especially when they have been translated in as lively and sensitive a manner as are the texts in this first volume Nation The incidental writings of Søren Kierkegaard published in the twenty volume Danish edition of the Papirer provide direct access to the thought of the many faceted nineteenth century philosopher who exerted so profound an influence on Protestant theology and modern existentialism This important material which Danish scholars regard as the key to the scriptures of Kierkegaard's other work spans his entire productive life the last entry of the Papirer being dated only a few days before his death These writings have been previously inaccessible in English except for a few fragmentary selections the most significant writings are now being made available in this definitive seven volume edition under the editorship of two expert scholars and translators Kierkegaard's scattered writings fall into three main subject groupings journal entries of varied content notes and early versions of his published material and personal reactions to his reading and study In length and degree of polish they range from brief and cryptic notes to extensive lecture material finished travel sketches and extended philosophical speculation The translators provide annotations copious notes and a collation of entries with the Danish Papirer The editors group the selections in Volumes I through IV by theme with all entries on a given subject under the same heading Within subject headings entries are arranged chronologically making it feasible to trace the evolution of Kierkegaard's thought on a specific topic Volumes V and VI are devoted to autobiographical material Volume VII contains an extensive index with topical crossreferences

**Kierkegaard's Journals and Notebooks, Volume 9** Søren Kierkegaard, 2017-05-09 For over a century the Danish thinker Søren Kierkegaard 1813-55 has been at the center of a number of important discussions concerning not only philosophy and theology but also more recently fields such as social thought psychology and contemporary aesthetics especially literary theory Despite his relatively short life Kierkegaard was an extraordinarily prolific writer as attested to by the 26 volume Princeton University Press edition of all of his published writings But Kierkegaard left behind nearly as much unpublished writing most of which consists of what are called his journals and notebooks Kierkegaard has long been recognized as one of history's great journal keepers but only rather small portions of his journals and notebooks are what we usually understand by the term diaries By far the greater part of Kierkegaard's journals and notebooks consists of reflections on a myriad of subjects philosophical religious political personal Studying his journals and notebooks takes us into his workshop where we can see his entire universe of thought We can witness the genesis of his published works to be sure but we can also see whole galaxies of concepts new insights and fragments large and small of partially or almost entirely completed but unpublished works Kierkegaard's Journals and Notebooks enables us to see the thinker in dialogue with his times and with himself Kierkegaard wrote his journals in a two column format one for his initial entries and the second for the extensive marginal comments that he added later This edition of the journals reproduces this format includes several photographs of original manuscript pages and contains extensive

scholarly commentary on the various entries and on the history of the manuscripts being reproduced Volume 9 of this 11 volume series includes five of Kierkegaard's important NB journals Journals NB26 through NB30 which span from June 1852 to August 1854 This period was marked by Kierkegaard's increasing preoccupation with what he saw as an unbridgeable gulf in Christianity between the absolute ideal of the religion of the New Testament and the official state sanctioned culture of Christendom which embodied by the Danish People's Church Kierkegaard rejected with increasing vehemence Crucially Kierkegaard's nemesis Bishop Jakob Peter Mynster died during this period and in the months following Kierkegaard can be seen moving inexorably toward the famous attack on Christendom with which he ended his life *The Essential Kierkegaard* Søren Kierkegaard, 2013-02-04 A comprehensive anthology of Kierkegaard's writings that offers an unmatched introduction to one of the most original and influential modern philosophers This is the most comprehensive anthology of Søren Kierkegaard's works ever published in English Drawn from the volumes of Princeton's authoritative Kierkegaard's Writings series by editors Howard and Edna Hong these carefully chosen selections represent every major aspect of Kierkegaard's extraordinary output which changed the course of modern intellectual history with its mix of philosophy psychology theology and literary criticism The anthology reveals the most important themes of his work especially what it means to exist and to be human and captures the unique character of his writings with their shifting pseudonyms complex dialogues and powerful combination of irony satire sermon polemic humor and fiction A superb introduction and guide to the Danish philosopher The Essential Kierkegaard vividly demonstrates why his work continues to speak so directly to so many readers Traces the full span of Kierkegaard's writings from his early journals to his final work Features generous selections from all of Kierkegaard's most important works including Either/Or Fear and Trembling Works of Love and The Sickness unto Death Presents selections from lesser known writings including Three Discourses on Imagined Occasions and The Lily of the Field and the Bird of the Air Includes an introduction to Kierkegaard's writings and explanatory notes for each selection
