The Temporal Void Peter F. Hamilton, 2009 The Intersolar Commonwealth is in turmoil as the Living Dream's deadline for launching its Pilgrimage into the Void draws closer. Not only is the Ocisen Empire fleet fast approaching on a mission of genocide but also an internecine war has broken out between the post human factions over the destiny of humanity. *The Dreaming Void* Peter F. Hamilton, 2008-03-25 Reviewers exhaust superlatives when it comes to the science fiction of Peter F. Hamilton. His complex and engaging novels which span thousands of years and light years are as intellectually stimulating as they are emotionally fulfilling. Now with *The Dreaming Void* the first volume in a trilogy set in the same far future as his acclaimed Commonwealth saga Hamilton has created his most ambitious and gripping space epic yet. The year is 3589 fifteen hundred years after Commonwealth forces barely staved off human extinction in a war against the alien Prime. Now an even greater danger has surfaced a threat to the existence of the universe itself. At the very heart of the galaxy is the Void a self contained microuniverse that cannot be breached cannot be destroyed and cannot be stopped as it steadily expands in all directions consuming everything in its path planets stars civilizations. The Void has existed for untold millions of years. Even the oldest and most technologically advanced of the galaxy's sentient races the Raiel do not know its origin its makers or its purpose. But then Inigo an astrophysicist studying the Void begins dreaming of human beings who live within it. Inigo's dreams reveal a world in which thoughts become actions and dreams become reality. Inside the Void Inigo sees paradise. Thanks to the gaiafield a neural entanglement wired into most humans Inigo's dreams are shared by hundreds of millions and a religion the Living Dream is born with Inigo as its prophet. But then he vanishes. Suddenly there is a new wave of dreams. Dreams broadcast by an unknown Second Dreamer serve as the inspiration for a massive Pilgrimage into the Void. But there is a chance that by attempting to enter the Void the pilgrims will trigger a catastrophic expansion an accelerated devourment phase that will swallow up thousands of worlds. And thus begins a desperate race to find Inigo and the mysterious Second Dreamer. Some seek to prevent the Pilgrimage others to speed its progress while within the Void a supreme entity has turned its gaze for the first time outward. **BONUS** This edition includes an excerpt from Peter F.
