Pushup Central - the TIPS!
Rahul Mookerjee, 2023-04-17 **DISCLAIMER** As with my other course Pushup Central and every thing else I teach in all my businesses products books courses and manuals be damn sure you re in good physical health before attempting the exercises in this course Now these exercises will GET you into the best shape of your life if you aren t already but what I am saying is don t just jump from a perch on the sofa to Everest as I state in my other books work up to everything All in dew time as a person recently told me so it works for life fitness everything else Second read these tips not in place of but WITH those in Pushup Central The author is not a medical professional although he has more and useful practical knowledge than most actual medical professional will let on beyond the facade of repeated hospital visits to fatten their wallets and he promises if you DO the thing your abdomen will have the exact opposite impact All puns aside though I Was serious there the advice in book does not take place of that dispensed by a qualified medical professional contact your doctor or medical provider if you have any doubts stop if you experience actual pain and so forth I hate to have to say all this but I do With that said onward **INTRODUCTION** and why I wrote this book Phew that was a long intro wasn t it or disclaimer So I ll keep it short here no pun intended or I ll TRY and keep it short Basically many of the same reasons I wrote Pushup Central I e pushups being the mainstay of any serious fitness enthusiast s routine yet being roundly ignored by most folks dispelling the they re too easy or too boring B S you keep hearing about them anyone that says that is an utter fool that hasn t done em right or has no clue on how to how they only build endurance **WRONG** Ask Mike Tyson Herschel Walker Ken Shamrock and a host of other illuminaries for one even better DO em yourself and you ll see and even if thats all they built what most people need today is a dose of Energizer Bunny if you get my drift what with all the I m always sick or tired nonsense going on because pushups build every part of your body and turn you into an **IRON** being literally **INDESTRUCTIBLE** as a reader wrote in about Pushup Central Because they build a core of steel the grip of Cain and more you ve always wanted legs like pillars yes they reduce fat **SMELT** fat in record time I should say yada nada schnada And more and either go to the benefits portion of this book or in

Pushup Central and you'll read more I could literally wax lyrical all day on this Point being though the same two reasons why I despite not liking them too much do a lot of videos Its nigh impossible to put all your knowledge in one book Even if you write that book for years you keep learning the day you put out the book is the day you learn something new and thats how it is you NEVER stop learning As I said in 0 Excuses Fitness that is as close to true mastery as you can get if you were to ask the great Bruce Lee that he'd tell you the same thing too And the same thing goes with non videos Hence an FAQ on pull ups and handstand pushups Hence Gorilla Grip TIPS And hence this book In it you'll find ignored forgotten but EXTREMELY valuable gems nuggets of info that will add to what you learn in Pushup Central and if used correctly they will SKYROCKET your gains beyond belief Perhaps thats why the benefits section in this book is longer than in Pushup Central In the trenches learning is the best learning anyone can hope to receive from the school of HARD knocks or hard workouts And thats the style I bring this to you in as with all my other writing Dont just READ these tips and forget about em Don't just implement them once and forget about em They deserve to be in your mind every time you knock out a pushup workout or even a set they're that important and you'll soon see why once you start implementing That said onward BENEFITS YOU'LL GET FROM NOT JUST READING but IMPLEMENTING what is taught in this one of a kind course or manual what have you I love that word manual and word to the WISE these are all benefits you can get from Pushup Central the EXTRA parts in PURPLE are the adds on you get HERE in addition to the above A rock solid midsection and a core that looks like it's carved from STEEL I don't care if you're a boxer or martial artist or just the everyday blob hehe sorry but sometimes one has to be honest we could ALL use that sort of a midsection not to mention the six pack doncha think Your abs will literally HURT smoulder and POP like never before when you implement the EXTRAS IN these tips If you've been suffering from IBS or flatulence or those annoying issues that make you constantly have to go well you might as well kiss them goodbye once you start on these exercises Constipation Whats that The malady that affects almost everyone including fitness gurus and such Well you'll completely forget what the meaning of that word is almost Literally pushups with these magic tips work your entire core from the inside out like NOTHING ELSE AND NO OTHER exercise workout can or WILL Your entire abdominal region and lower back will become rock solid and health issues will become a thing of the PAST Not to mention your hamstrings groin everything will become way more powerful than it is right now and more flexible Implement the tips here in you'll literally get into supreme martial artist shape with persistence as close to Bruce Lee as you can get You'll build a massive upper body shoulders and chest not to mention slabs of MUSCLE all over back especially the upper back and this won't be the bloated gym muscle you see all over the place that looks good but ain't got squat to back it up hehe pun intended And you'll do so while keeping the lean mean and TONED look STEEL AND WHALEBONE Your legs will get the workout of their lives on some of these pushups believe me now and trust me LATER You'll start to lose FAT that unsightly blubber around your waist and midsection specifically within a FEW workouts That's right and this fat loss will be so RAPID you'll not only wonder
