Gissing,2020-05-19 In the troubled twilight of a March evening ten years ago an old man whose equipment and bearing suggested that he was fresh from travel walked slowly across Clerkenwell Green and by the graveyard of St James s Church stood for a moment looking about him His age could not be far from seventy but despite the stoop of his shoulders he gave little sign of failing under the burden of years his sober step indicated gravity of character rather than bodily feebleness and his grasp of a stout stick was not such as bespeaks need of support His attire was neither that of a man of leisure nor of the kind usually worn by English mechanics Instead of coat and waistcoat he wore a garment something like a fisherman s guernsey and over this a coarse short cloak picturesque in appearance as it was buffeted by the wind *George Gissing*

Pierre Coustillas,Collin Partridge,2013-06-17 The Critical Heritage gathers together a large body of critical sources on major figures in literature Each volume presents contemporary responses to a writer s work enabling students and researchers to read for themselves for example comments on early performances of Shakespeare s plays or reactions to the first publication

of Jane Austen's novels The carefully selected sources range from landmark essays in the history of criticism to journalism and contemporary opinion and little published documentary material such as letters and diaries Significant pieces of criticism from later periods are also included in order to demonstrate the fluctuations in an author's reputation Each volume contains an introduction to the writer's published works a selected bibliography and an index of works authors and subjects The Collected Critical Heritage set will be available as a set of 68 volumes and the series will also be available in mini sets selected by period in slipcase boxes and as individual volumes

The Fiction of George Gissing Lewis D.

Moore, 2014-01-10 Most of George Gissing's 23 novels have a certain air of autobiography despite Gissing's frequent arguments that his fictional plots bear little resemblance to his own life and experiences Starting with *Workers in the Dawn* 1880 almost all of Gissing's fictional works are set in his own time period of late Victorian England and five of his first six novels focus on the working class poor that Gissing would have encountered frequently during his early writing career While most recent criticism focuses on Gissing's works as biographical narratives this work approaches Gissing's novels as purely imaginative works of art giving him the benefit of the doubt regardless of how well his books seem to match up with the events of his own life By analyzing important themes in his novels and recognizing the power of the artist's imagination especially through the critical works of Coleridge Wordsworth Shelley and Keats the author reveals how Gissing's novels present a lived feel of the world Gissing knew firsthand The author asserts that at most Gissing used his personal experiences as a starting point to transform his own life and thoughts into stories that explain the social personal and cultural significance of such experiences
