The Nine Waves of Creation Carl Johan Calleman,2016-11-15 A guide to aligning your life with the frequencies of the Nine Waves of Creation Explains the quantum physics behind the Waves of the Mayan Calendar system and how their holograms shape the human mind Shows how throughout history each revolution in human consciousness has been driven by the activation of one of the Nine Waves of Creation Reveals how we can consciously work to deactivate the negative patterns of the Sixth Wave and manifest the unity consciousness of the Ninth Wave In the past few years the world has witnessed changes in social consciousness whose sudden development the ruling scientific paradigm has not been able to explain These changes correspond with the activation of new Waves of Creation emanating from the center of the universe that influence human thinking From the Big Bang to the present these Waves guide the evolution of the universe and through their holographic resonance with the human mind profoundly shape revolutions in religion technology economy and social consciousness Presenting a quantum

holographic perspective on world history and human consciousness Carl Calleman explains the quantum physics behind the Waves of the Mayan Calendar system and how these Waves allow us to understand the shifting eras on Earth as well as the possibilities of the future He describes how prior to the activation of the 6th Wave in 3115 BCE our social systems were based on a unified cosmic order but the hologram of this Wave shifted society to an all consuming focus on Good and Evil leading to the rise of patriarchal religious structures slavery and warfare He explores how later Waves and their new holograms helped humanity survive the negative effects of the 6th Wave such as the Industrial Revolution of the 7th Wave and the Digital Revolution of the 8th Wave In 2011 the 9th Wave was activated bringing with it an accelerated push for a more egalitarian world a rising awareness of unity consciousness and access to the full power of all Nine Waves of Creation Calleman explains how our individual resonance with each Wave plays a role in the quality of our lives and how we must consciously work to resonate with the higher Waves Revealing how we can become quantum activists in a holographic world by aligning with the 9th Wave the author shows how we each can help manifest the destiny of humanity hinted at in ancient texts

Beyond the Secret Beyond the Power of Now is the Science of Spirit a Deeper look at life Why are we here alive on planet earth trapped in a life of 9 to 5 wage slavery Science of Spirit Lost Keys to the Kingdom of Heaven on Earth shows that all life on planet earth and in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isn't made of things or particles It's a process It's made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011 2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16.4 billion years are pitted against the dogmatic stagnant god fearing personalities that runs the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word

Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science *The Return of Planet-X* Jaysen Q. Rand,2007 The Return of Planet X is an educational informational source examining all aspects of this controversial subject including the record of X s Ancient Science of Prophecy its Phantom Astronomy Forbidden Archaeology and the Signs Of Its Approach This book examines the history and prophecy of Earth s many cultures throughout the millennia and their voluminous references to the reality of X s periodic passages The most current hypothesis used to examine X s next return through the solar system centers around the fact that X s extended orbit approximately every 3 600 years first passing through the solar system then back out again suggests that its destructive cycle occurs in two phases The first phase begins with X s initial pass through in 2009 separated by three years until its second phase This passage marks X s return leg back into deep space beginning again its 3 600 year long trek through the heavens X s last return visit through the solar system most likely coincided with the Hebrew s exodus from Egypt estimated around 1447 BC roughly 3 459 years ago Did God somehow come to Moses aid by staging a cosmic event that no one today understands The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012 According to ancient Mayan cosmology time as we know it on Earth will reach its climax on that date Written across the scroll of time and space the author believes Planet X will first return in 2009 and again in 2012
