The Night Of Wishes By Michael Ende:

The Night of Wishes Michael Ende, 2017-10-03 This thrilling New Year's Eve tale of sorcery and suspense is like a goofy *Paradise Lost* for middle schoolers *New York Times Book Review* Comic fantasy clever wordplay and slapstick shenanigans from the bestselling children's author of *The Neverending Story* and *Momo* It's New Year's Eve at the Villa Nightmare but Beelzebub Preposteror is in no mood for celebration As the Shadow Sorcery Minister Preposteror has a duty to perform a certain number of evil deeds in service to the Minister of Pitch Darkness But this year to his horror he's nowhere near meeting that quota Preposteror has all but given up when who should make an unexpected visit but his aunt the witch Tyrannia Vampirella She has come with a diabolical proposal that just might be the solution to Preposteror's dilemma together they will brew the fabled Notion Potion one of the most ancient and powerful evil spells in the universe and their every evil wish will be granted The only thing that stands in their way is a most unlikely team a cat named Mauricio di Mauro and a raven known as Jacob Scribble who have just hours to thwart the plans of their sorcerer masters and save the world from destruction

Nonsense and Other Senses Elisabetta Tarantino with the collaboration of Carlo Caruso, 2020-07-24 This book deals with a topic that is gaining increasing critical attention the literature of nonsense and absurdity The volume gathers together twenty-one essays on various aspects of literary nonsense according to criteria that are deliberately inclusive and eclectic Its purpose is to offer a gallery of nonsense practices in literature across periods and countries in the conviction that important critical insights can be gained from these juxtapositions Most of the cases presented here deal with linguistic nonsense but in a few instances the nonsense operates at the higher level of the interpretation of reality on the part of the subject or of the impossibility thereof The contributors to the volume are established and younger scholars from various countries Chronologically the chapters range widely from Dante to Václav Havel and offer a large span of national literatures Czech English Finnish French German Italian Japanese and literary genres poetry prose and drama inviting the readers to trace their own pathway and draw their own lines of connection One point that emerges with particular force is the notion that what distinguishes literary nonsense is its somehow regulated nature Literary nonsense thus sounds like a deliberate last ditch attempt to snatch order from the jaws of chaos the speech of the Fool as opposed to the tale told by an idiot It is this kind of post-Derridean retrieval of choice as the defining element in semantic transactions which is perhaps the most significant insight bequeathed by the study of nonsense to the analysis of poetry and literature in general
