Wrongs, Harms, and Compensation Adam Slavny, 2023-08-04

Non instrumentalist private law theory has been dominated by an interpretivist methodology that seeks to understand the concepts doctrines and structures of the law in principled terms This has resulted in the neglect of purely normative analysis and a failure to engage systematically with the methodologies of moral and political philosophy Wrongs Harms and Compensation Paying for our Mistakes departs from this approach arguing instead that the justification of tort law is dependent on our underlying moral corrective duties In this book Adam Slavny develops a pluralistic account of these duties which encompasses both wrongful and non wrongful conduct complicating the view that torts should be regarded as a coherent set of wrongs He also places the practice of enforcing corrective duties in a broader context arguing that it should not be isolated or immune to critiques based on distributive justice and that our duties are in fact consistent with institutional arrangements other than tort law including various types of compensation schemes What emerges is neither a wholesale defence of or attack on tort law but an insistence that its

normative foundations are much more complex diverse and malleable than a focus on current legal practices would suggest

Abundance Wealth RD king, The Greatest Collection of Financial Words of Abundance Wealthy and abundant living is a mind set It is not dependent upon how much cash or resources you currently have and it is not the outcome of one set of rituals or feng shui placements For instance one might feel rich and be in the flow of divine abundance with barely anything in the bank while one might feel dire and anxious about the chance of lack with a bank balance of 1000000s And your feelings and mind set are what decide the quality of your life story as they decide the way you process outside circumstances If you ll look inside for just a minute you will agree that the way you process outside circumstances has immeasurably more power over your life story experience than the outside circumstances themselves Looking at all of this this book will take you through tools and ways for everyday minute to minute ways that you may refine the flow of your life story so that it you experience wealth affluence and ever increasing abundance Inside this ebook are some of the following information About Wealth Mantras And Affirmations Wealth Quotes Wealth Mantras What The Famous Have To Say About Abundance **The**

Orphan in Fiction and Comics since the 19th Century Marion Gymnich,Barbara Puschmann-Nalenz,Gerold Sedlmayr,2018-07-27 The orphan has turned out to be an extraordinarily versatile literary figure By juxtaposing diverse fictional representations of orphans this volume sheds light on the development of cultural concepts such as childhood family the status of parental legacy individualism identity and charity The first chapter argues that the figure of the orphan was suitable for negotiating a remarkable range of cultural anxieties and discourses in novels from the Victorian period This is followed by a discussion of both the rare examples of novels from the first half of the 20th century in which main characters are orphaned at a young age and Anglophone narratives written from the 1980s onward when the figure of the orphan proliferated once more The trope of the picaro the theme of absence and the problem of parental substitutes are among the issues addressed in contemporary orphan narratives The book also looks at the orphan motif in three popular fantasy series namely Rowling s Harry Potter septology Pullman s His Dark Materials trilogy and Martin s A Song of Ice and Fire series It then traces the development of the orphan motif from the end of the 19th century to the present in a range of different types of comics including funnies and gag a day strips superhero comics underground comix and autobiographical comics
