Adam Augustyn Assistant Manager and Assistant Editor, Literature, 2010-08-15 Explores the works and writers from post World War II America to today including Stephen Crane Arthur Miller and Allen Ginsberg **Illness as Narrative** Ann Jurečič, 2012-03-12 For most of literary history personal confessions about illness were considered too intimate to share publicly By the mid twentieth century however a series of events set the stage for the emergence of the illness narrative The increase of chronic disease the transformation of medicine into big business the women s health movement the AIDS HIV pandemic the advent of inexpensive paperbacks and the rise of self publishing all contributed to the proliferation of narratives about encounters with medicine and mortality While the illness narrative is now a staple of the publishing industry the genre itself has posed a problem for literary studies What is the role of criticism in relation to personal accounts of suffering Can these narratives be judged on aesthetic grounds Are they a collective expression of the lost intimacy of the patient doctor relationship Is their function thus instrumental to elicit the reader s empathy To answer these questions Ann Jurecic turns to major works on pain and suffering by Susan Sontag Elaine Scarry and Eve Sedgwick and reads these alongside illness narratives by Jean Dominique Bauby Reynolds Price and Anne Fadiman among others In the process she defines the subgenres of risk and pain narratives and explores a range of critical responses guided alternately by narrative empathy the hermeneutics of suspicion and the practice of reparative reading Illness as Narrative seeks to draw wider attention to this form of life writing and to argue for new approaches to both literary criticism and teaching narrative Jurecic calls for a practice that s both compassionate and critical She asks that we consider why writers compose stories of illness how readers receive them and how both use these narratives to make meaning of human fragility and mortality Criticism and Literary Theory 1890 to the Present Chris Baldick, 2014-06-11 Presents a coherent and accessible historical account of the major phases of British and American Twentieth century criticism from decadent aestheticism to feminist deconstructionist and post colonial theories Special attention is given to new perspectives on Shakespearean criticism theories of the novel and models of the literary canon The book will help to define and account for the major developments in literary criticism during this century exploring the full diversity of critical work from major critics such as T S Eliot and F R Leavis to minor but fascinating figures and critical schools Unlike most guides to modern literary theory its focus is firmly on developments within the English speaking world **Women Against Napoleon** Gertrud M. Roesch, 2007 Although Prussia s beloved Queen Luise and the Swiss born aristocrat and writer Germaine de Sta l were Napoleon Bonaparte s best known female opponents women s discontent with Napoleon and the Napoleonic wars was more widespread and vocal than once assumed Women against Napoleon expands our awareness of the range of women s responses to the despot by presenting an international spectrum of female opposition including contemporary letters diaries and published writings as well as historical fiction of the twentieth century By setting these materials together this volume forges new links between literary historical and gender scholarship **Mountains of Fire** Clive Oppenheimer, 2023-09-27 First published in 2023 in the
