tendencies Such writers as Amitav Ghosh Michael Ondaatje Arundhati Roy and Salman Rushdie use the conventions of detective and spy fiction in creative ways to explore the coercive actions of the postcolonial state and the power dynamics of a postcolonial New Empire Drawing on the work of leading theorists of imperialism such as Edward Said Frantz Fanon and the Subaltern Studies historians Siddiqi reveals how British writers express the anxious workings of a will to maintain imperial power in their writing She also illuminates the ways South Asian writers portray the paradoxes of postcolonial modernity and trace the ruses and uses of reason in a world where the modern marks a horizon not only of hope but also of economic military and ecological disaster The Complete Sherlock Holmes, Volume II A.
