Idries Shah Anthology Idries Shah,2019-03-01 In his writing about Sufism Idries Shah did some revolutionary things Critically and almost alone he said that it was possible to divorce the essence of Sufi philosophy from what he insisted were secondary accretions of islamic culture and religion Moreover he said in making this material available to the West you could not only do this you must do it This is because he believed you can only absorb materials that are designed for your own time and place Sufism as an essence may be truth without form but in order to penetrate into the human mind it must be delivered in a package shaped to fit the receiving culture When something new enters a culture there is a period where like a new object being thrown into the chimpanzee pen at a zoo all the chimps rush over to touch it throw it on the floor fight over it and so on he once told me We must wait until the dust settles only then will people be in a position to assess this material My father died in 1996 and the dust is settling fast He leaves a body of work behind and on this work alone he believed he should and would be judged This anthology is intended to provide a basic sample of his work an essential reader to allow people to do exactly what he would have wished them to do to think for themselves and to make up their own minds From the Editor s Note by Saira Shah

these often appear to be little more than entertaining fairy tales or folk tales they enshrine in their characters plots and imagery patterns and relationships that nurture a part of the mind not reachable in more conventional ways thus increasing our understanding flexibility and breadth of vision In this little book Idries Shah explains the nature of the teaching story and how the reader might approach this amazing material Living a Good Life ,1997-04-15 This collection of eminently practical advice from the likes of Socrates Plato Diogenes Pythagoras and Aristotle covers subjects as diverse as money child raising politics philosophy law and relationships all aspects of life and how to live it Thomas Cleary has translated these sayings and aphorisms from the Arabic sources that preserved Greek thought throughout the Middle Ages Many of the texts no longer exist in the original Greek Included in the book is an appendix that presents resonant sayings and fragments from Buddhist Taoist and Muslim sources demonstrating the universal quality of the teachings of the Greek sages and hinting at the interaction between Western and Eastern cultures Encyclopaedic Survey of Islamic Culture: Sufism, evolution and practice Mohamed Taher,1997

Sufism as Lorna Goodison's Alternative Poetic Path to Hope and Healing Brenda Domínguez-Rosado,2018-10-15 Jamaican Poet Laureate Lorna Goodison searches for answers for herself and other Caribbean based descendants of enslaved Africans by examining and presenting different spiritualities in her poetry in the hope of providing alternatives to the psyche in need of healing after the traumatic events of the infamous transatlantic Middle Passage The inclusion of Sufism in her poetry seems to have a dual purpose in that it offers a new creative angle and a sincere belief in its power to provide relief from personal anguish The fact that Sufism is similar to Jamaican based religions works in its favor Can Jamaicans who are Goodison s primary subject really relate to its message She does not underestimate her audience s capacity for change or their willingness to accept the ideas of Sufism Her role as facilitator is not a secret she is openly promoting her ideas and her belief that healing is possible This book is divided into three chapters In Chapter One a brief history of slavery in the Caribbean region with a focus on Jamaica is presented The second chapter explicitly focuses on Lorna Goodison and her use of the written word to reveal her feelings about her ancestors and her own traumatic past It also defines Sufism includes some examples of Sufi poems and shows what aspects of Sufism resonate with Jamaican Revivalism and Rastafarianism The final chapter first makes reference to how Sufi elements have been used by other writers such as Alfred Lord Tennyson Walt Whitman Thomas Merton and Doris Lessing and then illustrates how contrary to these others Goodison is the only one to apply Sufi ideals to a Caribbean context thus falling into her own creative category that of a new Caribbean literary canon Idries Shah's Sufi Paradigm ,
