Suburban Space, the Novel and Australian Modernity Brigid Rooney, 2018-11-15 *Suburban Space the Novel and Australian Modernity* investigates the interaction between suburbs and suburbia in a century long series of Australian novels It puts the often trenchantly anti suburban rhetoric of fiction in dialogue with its evocative and imaginative rendering of suburban place and time *Suburban Space the Novel and Australian Modernity* rethinks existing cultural debates about suburbia in Australia and elsewhere by putting novelistic representations of suburbs suburban interiors homes streets forms and lives over time in dialogue with the often negative idea of suburbia in fiction as an amnesic and conformist cultural wasteland *Suburban space the novel and Australian modernity* shows in other words how Australian novels dramatize the collision between the sensory terrain of the remembered suburb and the cultural critique of suburbia It is through such contradictions that novels create resonant mental maps of place and time Australian novels are a prism through which suburbs as sites of everyday colonization defined by successive waves of urban development are able to be glimpsed sidelong

How to Read Like an Anti-Fascist Annette Wannamaker, 2025-06-03 On the urgent need to promote critical reading skills amidst rising authoritarianism Children's author Philip Pullman famously said that There are some themes some subjects too large for adult fiction they can only be dealt with adequately in a children's book While the recent rise of fascist ideology in the United States might seem a subject too large and adult to be dealt with in literature for children or teens Annette Wannamaker proposes in *How to Read Like an Anti Fascist* that there are books aimed at future generations which critique and counter fascist propaganda and mythmaking Works of literature can reflect fascist ideology and promote it as well but Wannamaker proposes that some books also offer tools for understanding it Books written for beginners can introduce readers to complex concepts break big ideas into manageable parts and teach readers how to read the world outside of the book Antifascist books are ones that analyze fascistic rhetoric and storytelling educate

about America's long history of authoritarianism and highlight various facets of fascism such as scapegoating others and reasserting patriarchal power. From *The Emperor's New Clothes* and the tales of Superman to Mildred Taylor's *Roll of Thunder Hear My Cry*, the 1619 Project and contemporary works such as *All Boys Aren't Blue* and *Donald Builds the Wall*, Wannamaker shows how the ethos of authoritarianism is characterized by a strict hierarchy that places children at its very bottom. In doing so, she argues convincingly that books written for young people can provide a particular view from the bottom, a perspective well suited to interrogating systems of power.

Reading in the Wild Donalyn Miller, 2013-10-21

In *Reading in the Wild*, reading expert Donalyn Miller continues the conversation that began in her bestselling book *The Book Whisperer*. While *The Book Whisperer* revealed the secrets of getting students to love reading, *Reading in the Wild*, written with reading teacher Susan Kelley, describes how to truly instill lifelong wild reading habits in our students. Based in part on survey responses from adult readers as well as students, *Reading in the Wild* offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading. Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of wild reading. When the thrill of choice reading starts to fade, it's time to grab *Reading in the Wild*. This treasure trove of resources and management techniques will enhance and improve existing classroom systems and structures.

Cris Tovani, secondary teacher, Cherry Creek School District, Colorado, consultant and author of *Do I Really Have to Teach Reading?* With *Reading in the Wild*, Donalyn Miller gives educators another important book. She reminds us that creating lifelong readers goes far beyond the first step of putting good books into kids' hands. Franki Sibberson, third grade teacher, Dublin City Schools, Dublin, Ohio, and author of *Beyond Leveled Books*, *Reading in the Wild*, along with the now legendary *The Book Whisperer*, constitutes the complete guide to creating a stimulating literature program that also gets students excited about pleasure reading, the kind of reading that best prepares students for understanding demanding academic texts. In other words, Donalyn Miller has solved one of the central problems in language education.

Culinary Discourses in Asian-Australian Writing Astrid Schwegler-Castañer, 2025-03-24

Besides nourishing us, food can be used metaphorically to help us understand the complex and abstract concepts through which we negotiate our position in the world: we talk about digesting ideas, ruminating on a problem, or swallowing an insult. Building on this premise, the book offers a detailed analysis of culinary imagery in twenty-first century works from Asian Australian authors like Hsu Ming Teo, Alice Pung, Simone Lazaroo, and Shaun Tan. Food is used to embody the abstractions that underlie racial inequalities and conflicts, questioning the superficiality of Australia's official multiculturalism and its reproduction of racial and cultural privileges. At the same time, the analysis highlights the power of these fictional narratives to envision alternative worlds in the hope of gaining common ground for human understanding and
