Temple Of A Thousand Faces By John Shors:

Temple of a Thousand Faces John Shors, 2013-02-05 In his international bestseller *Beneath a Marble Sky* John Shors wrote about the ancient passion beauty and brilliance that inspired the building of the Taj Mahal Now with *Temple of a Thousand Faces* he brings to life the legendary temple of Angkor Wat an unrivaled marvel of ornately carved towers and stone statues There in a story set nearly a thousand years ago an empire is lost a royal love is tested and heroism is reborn When his land is taken by force Prince Jayavar of the Khmer people narrowly escapes death at the hands of the conquering Cham king Indravarman Exiled from their homeland he and his mystical wife Ajadevi set up a secret camp in the jungle with the intention of amassing an army bold enough to reclaim their kingdom and free their people Meanwhile Indravarman rules with an iron fist pitting even his most trusted men against each other and quashing any hint of rebellion Moving from a poor fisherman's family whose sons find the courage to take up arms against their oppressors to a beautiful bride who becomes a prize of war to an ambitious warrior whose allegiance is torn *Temple of a Thousand Faces* is an unforgettable saga of love betrayal and survival at any cost **READERS GUIDE INCLUDED**

Representing the Exotic and the Familiar Meenakshi Bharat, Madhu Grover, 2019-11-28 The multicultural world of today is often said to be marked by a certain kind of exoticization a fetishizing process as Graham Huggan has called it which separates a first world from a third world the Occident from the Orient The essays collected here reassess this tendency not least by focusing on the kinds of intellectual tourism and dilettantism to which it has given rise The wider context of these analyses is a postcolonial scenario where literatures and languages can move from the exotic to the comparatively familiar space of contemporary writings where an exotic mythos can live on into the familiar present and where certain perceptions and representations of peoples of literatures and of languages have turned exoticization and familiarization into global modes of mass cultural consumption Especially by exploring the liminalities between different cultures this collection manages to trace both the history and the politics of exoticist representation and in so doing to make a significant critical intervention
