The Florida Keys Jerrold J. Weinstock, 2017-12-29 Explore the Wonders Face the Reality The medical definition of INSULT is to cause some kind of physical or mental injury Through the eyes of this psychiatrist and his raw existential passion for the planet a web of insult is untangled to expose environmental degradation we face today and its impact on the human spirit For over fifty years Dr Weinstock has lived in the Florida Keys fishing the Atlantic and the Gulf waters off of Key West A prize winning angler he shares exciting stories of the past in this sport fishing mecca You ll feel the humidity as he fights the Permit on Boca Chica beach hear the screeching of the terns while bonefishing on Marvin Key Through twist and turns and stories of the mind the author demonstrates the healing power of nature Hundreds colorful photos display the glorious diversity of fish and natural beauty from Key West to Alaska exploring the uplifting and the dismal view At the helm are many years of research that uncover abuses of nature in the Florida Keys as a metaphor for global environmental tragedies *In the Words of Our Founders* ,Tullius, 2019-05-24 The overtly obvious and seemingly malicious maligning of our Founders by many Americans within our systems of education government and media is being performed with a greater intensity at the passing of each year This constant incessant and relentless barrage of misinformation and falsehoods about their beliefs character and intentions is not only blatantly unjust on its face it is being done to achieve a larger goal What might that goal be Perhaps to transform the country from its original foundational structures to one of power and control for the benefit of the favored few How might this be achieved It can only be accomplished by destroying its original identity of which many mechanisms must be effectively applied e g dumb down and divide the citizenry make alteration of its true history and legitimacy and make chaos of its laws Indeed rid it of its groundwork in natural law and rights rid it of the republican federal arrangement rid it of the ringing of the bells of freedom and liberty due its people If these be achieved and the house divided it surely will no longer stand and might more easily be enslaved The work you hold in your hand is the first of a three volume series designed to inform you of whom our Founders actually were how they formed their beliefs how they fought with tyranny how they understood the vices due humanity and its relationship to corruptive government and how they implemented a system of limited authority to both promote liberty and check coercion and autocracy through both limited and separation of powers The relevance and gravity to fully understanding these facts even against the backdrop of difficulties with institutional slavery and illegal confiscatory actions of property is crucial for the survival of both our national and individual identities They intentionally structured our form of government to promote our God given and inalienable rights due us to protect of our labor private property and wealth against those within the ruling classes of the church state strongholds The time has fully arrived to allow our Founders to speak for themselves You should however hold no pre

conceived biases one way or the other hold no fantastical favors for or against these men and women whom we identify as Founders nor hold anything but truth as your guide since it is quite possible that your historical frame of reference will be severely shaken It is best you simply strap in Tullius Contrasting Ideals and Ends in the American and French Revolutions Miguel A. Faria, Jr.,2024-11-26 This book describes momentous events in the American and French Revolutions The American revolutionaries were nationalist patriots who wanted independence from Great Britain and to create a new nation based on the principles of classical liberalism and Natural Rights theory Their goal was the attainment of life liberty and the pursuit of happiness inherent in the God given or Nature derived rights of free men They did not seek to overturn the basic institutions of society as eventually the French revolutionists did when they destroyed churches desecrated tombs and even renamed the months of the year creating a new revolutionary calendar The French revolutionists adopted the revolutionary slogan Libert galit Fraternit but they did not grasp the fact that the leveling of society was incompatible with liberty And regarding fraternity they did not mean the brotherhood of all men because the nobility and common citizens who did not hold the purest aims of Jacobin ideology were exterminated The Renaissance Will Durant,2011-06-07 The Story of Civilization Volume V A history of civilization in Italy from 1304 1576 This is the fifth volume of the classic Pulitzer Prize winning series

The Message of the Rainsnow J. Rainsnow,2002-02-05 THE MESSAGE OF RAINSNOW a book which stands by itself is the inspirational and practical sequel to THE JOURNEY OF RAINSNOW While the first book presented an esoteric chronicle filled with insights for our times THE MESSAGE OF RAINSNOW crystallizes the unfolding consciousness of THE JOURNEY into a pragmatic blueprint for achieving global transformation As many other books it upholds the values of community spirituality and respect for nature seeing in these elements the pillars of our collective salvation Unlike other books however this one seeks not only to promote these invaluable ideals but to build a concrete bridge from where we are now to where we must go to the new world of the future in which these cherished but distant ideals will finally become reality Most importantly of all THE MESSAGE OF RAINSNOW seeks to awaken and to create the living people who will become the embodiment of these indispensable ideals the advanced guard of our world s march to life It is a journey and a privilege which begins by reading this book Books in Series ,1980 **The Place of the Past** Drew S. Holland,2025-07-18 For decades biblical scholars have remained divided about the role of historical criticism in biblical interpretation On the one hand the tools for knowing about the text people and world of the Bible continue to grow and intrigue readers On the other hand theologians literary critics postmodern philosophers and others have argued that historical criticism either misses the point of the Bible or can never arrive at a desired understanding of the text This book seeks to reengage both sides of this chasm by demonstrating what historical criticism can contribute to biblical exegesis and how it might be responsibly done

the Bible Had Never Been Written D James Kennedy and Jerry Newcombe show that this collection of books was indeed the inspiration for almost all of the great explorers scientists writers artists politicians and educators the world has ever known That such a book which has influenced so many and stood the test of time for so long is dismissed as folklore or myth just goes to show what extremes nonbelievers will go to rationalize their behavior From the Ten Commandments which many of our laws and government are based upon to the Golden Rule a verse taken straight out of the New Testament to many of today s most common phrases and expressions there is no doubt as to the influence the Bible has on everyone in some degree every day What If the Bible Had Never Been Written provides a well documented and in depth look at the impact the Book of Books has had on humanity pointing to specific areas in today s society that would not be as they are now if it were not for the Bible
