

Good evening. My name is John Hodgman. I am not using a pseudonym. As you may know, I was once a PROFESSIONAL LITERARY AGENT and high-powered media insider. I represented some of the finest young writers of our time, negotiating the sale of their books to publishers as well as their translation rights, screen rights, mustache fees, and bobblehead figurines. For this, I would receive a 15% commission, which is entirely standard, except for the bobblehead figurines, for which I received 100%, because I carved them myself, and my clients did not know that they existed. This is also entirely standard and should not be questioned.

But that is all over now. As it is our destiny to become that which we most loathe, so I have become that most wretched and predictable thing, a PROFESSIONAL WRITER. Now I have gone and written a book. Believe me, this was the last thing I wanted to do, and I suspect the last thing you wanted as well. But I think we both knew it was inevitable.

I say "good evening," though of course I don't know what time it is where you are. This is one of the defining sorrows of books: that we cannot see one another.

Of course it might have been different had my Publisher inserted the camera I designed to fit snugly in the spine of this book and spy on you. But this was determined to be "too expensive" and "too illegal" and so we are left once again to our imaginations.

The image I conjure of you, dear reader, begins with this book. For if you are reading these words, chances are you are probably reading this book, or one so like it that I don't notice. Moreover, I may presume you are holding this book with your own hands, or possibly mechanical hands that replaced your own hands after a terrible accident. If I am correct, I may move on to deduce that you are a man or a woman. You are likely a person who has had some schooling—perhaps some training, for example, in reading. What I mean, if you are reading this book, you are probably

near some light source. Unless this is the Braille edition of this book, you have use of at least one of your eyes. But I suspect you probably wear glasses, for people who read one book often go on to read another one, and then more and more—each longer than the last, and printed in increasingly painful fonts.

Finally, I may conclude that you are a curious person who thirsts for knowledge, for this is in fact a compendium of COMPLETE WORLD KNOWLEDGE. Here you shall find the answers to all of the questions you have been asking.

For example, you ask "What is the truth about the Loch Ness monster?"
THE ANSWER IS PROVIDED.
 You ask, "Who were the U.S. presidents who had hooks for hands?"
THE ANSWER IS PROVIDED.
 "What was the menu at the first Thanksgiving," you ask, "and did it include eels?"
 Technically, that is two questions, but do not apologize, for I shall answer them both . . . **LATER.**
 Like all, you wonder, "What will happen in the future?"
A SIMPLE CHART OF OMENS AND PORTENTS PROVIDES THE ANSWER,
 and I am the author of that chart.

Of course, there have been books before this one dealing with monsters and eels and history and the future. I am indebted

Vacationland John Hodgman, 2017-10-24 I love everything about this hilarious book except the font size Jon Stewart Although his career as a bestselling author and on The Daily Show With Jon Stewart was founded on fake news and invented facts in 2016 that routine didn t seem as funny to John Hodgman anymore Everyone is doing it now Disarmed of falsehood he was left only with the awful truth John Hodgman is an older white male monster with bad facial hair wandering like a privileged Sasquatch through three wildernesses the hills of Western Massachusetts where he spent much of his youth the painful beaches of Maine that want to kill him and some day will and the metaphoric haunted forest of middle age that connects them Vacationland collects these real life wanderings and through them you learn of the horror of freshwater clams the evolutionary purpose of the mustache and which animals to keep as pets and which to kill with traps and poison There is also some advice on how to react when the people of coastal Maine try to sacrifice you to their strange god Though wildly Hodgmaniacally funny as usual it is also a poignant and sincere account of one human facing his forties those years when men in particular must stop pretending to be the children of bright potential they were and settle into the failing bodies of the wiser weird dads that they are
