The Amber Spyglass: His Dark Materials 3 Philip Pullman, 2015-03-05 From the world of Philip Pullman's *His Dark Materials* now a major critically acclaimed BBC series. We're going to the land of the dead and we're going to come back. Will and Lyra whose fates are bound together by powers beyond their own worlds have been violently separated. But they must find each other for ahead of them lies the greatest war that has ever been and a journey to a dark place from which no one has ever returned.

For Younger Readers, 1991 *Teaching Children's Literature* Diane Duncan, 2013-01-11 Drawing on a series of recently conducted classroom workshops and live interviews with the authors this inspiring book examines five popular children's authors: Philip Pullman, J.K. Rowling, Michael Morpurgo, Anthony Browne, Jacqueline Wilson and the genre of comic books. Four genres are explored in detail: the picture book, written narrative, film narrative and comic books. *Teaching Children's Literature* provides detailed literary knowledge about the chosen authors and genres alongside clear structured guidelines and creative ideas to help teachers, student teachers and classroom assistants make some immensely popular children's books come alive in the classroom. This accessible and inspiring text for teachers, parents, student teachers and students of children's literature includes a variety of discussion, drama, writing and drawing activities with ideas for Social and Emotional Aspects of Learning which can be used to plan a unit of work or series of interrelated lessons for pupils aged between seven and fourteen years. Provides detailed literary knowledge about the authors, their works, language, plot and characterisation including exclusive transcripts of interviews with three contemporary children's book authors. Shows teachers how pupils can be encouraged to become more critical and knowledgeable about screen, picture and comic narratives as well as written narratives. Demonstrates how reading stories can help connect pupils and teachers to a broader pedagogy in ways which promote deeper thinking, learning and engagement. This lively, informative and practical book will enable teachers, students and classroom assistants to plan inspiring and enjoyable lessons which will encourage them to teach children's literature in an entirely different and inventive way.
