A Shadow In The Forest Northwest Naturalist S:

A Shadow in the Forest John Beecham, Jeff Rohlman, 1994 Distributed by the University of Nebraska Press for the University of Idaho Press The authors have been collecting data since 1972 in order to develop a comprehensive management program for the state's black bear population This volume summarizes much of their research and will provide naturalists and general readers with information on and a greater understanding of the rare and elusive Idaho black bear

Grizzly Bear Recovery in the Bitterroot Ecosystem, 1997 **Ecology and Management of Black-tailed and Mule Deer of North America** James R. Heffelfinger, Paul R. Krausman, 2023-04-27 Black tailed and mule deer represent one of the largest distributions of mammals in North America and are symbols of the wide open American West Each chapter in this book was authored by the world's leading experts on that topic Both editors James R Heffelfinger and Paul R Krausman are widely published in the popular and scientific press and recipients of the O C Wallmo Award given every two years to a leading black tailed and mule deer expert who has made significant contributions to the conservation of this species In addition Heffelfinger has chaired the Mule Deer Working Group sponsored by the Western Association of Fish and Wildlife Agencies for more than 15 years This working group consists of the leading black tailed and mule deer experts from each of 24 states provinces and territories in western North America putting them at the forefront of all conservation and much of the research on this species The book represents all current knowledge available on these deer including how changing conditions such as fires habitat alteration and loss disease climate change socio economic forces energy development and other aspects are influencing their distribution and abundance now and into the future It takes a completely fresh look at all chapter topics The revisions of distribution taxonomy evolution behavior and new and exciting work being done in deer nutrition migration and movements diseases predation and human dimensions are all assembled in this volume This book will instantly become the foundation for the latest information and management strategies to be implemented on the ground by practitioners and to inform the public Although this book is about deer the topics discussed influence most terrestrial wildlife worldwide and the basic concepts in many of the chapters are applicable to other species *The Hunter Naturalist.*

Romance of sporting; or, wild scenes and wild hunters Charles Wilkins WEBBER, 1852 **A Sierra Club Naturalist's Guide to the Pacific Northwest** Stephen Whitney, Sierra Club, 1989 **The Idaho Librarian**, 1997 **In the Shadow of the Sabertooth** Doug Peacock, 2013-06-16 Our climate is changing fast The future is uncertain probably fiery and likely terrifying Yet shifting weather patterns have threatened humans before right here in North America when people first colonized this continent About 15 000 years ago the weather began to warm melting the huge glaciers of the Late Pleistocene In this brand new landscape humans managed to adapt to unfamiliar habitats and dangerous creatures in the midst of a wildly fluctuating climate What was it like to live with huge pack hunting lions saber toothed cats dire wolves and gigantic short faced bears to hunt now extinct horses camels and mammoth Are there lessons for modern people lingering along this

ancient trail The shifting weather patterns of today what we call global warming will far exceed anything our ancestors previously faced Doug Peacock s latest narrative explores the full circle of climate change from the death of the megafauna to the depletion of the ozone in a deeply personal story that takes readers from Peacock s participation in an archeological dig for early Clovis remains in Livingston MT near his home to the death of the local whitebark pine trees in the same region as a result of changes in the migration pattern of pine beetles with the warming seasons

Proceedings RMRS. ,1998 **Canada's Changing North** William C. Wonders,2003 When Canada s Changing North was first published in 1971 it quickly became a popular and reliable overview of the geography and culture of the Canadian North In the three decades since it first appeared great changes have occurred in this huge region that makes up two thirds of Canada s total area This revised and expanded edition provides a new generation with a comprehensive and up to date introduction to the Canadian North and outlines how this region has become increasingly integrated into both the Canadian national fabric and the world the legal recognition of aboriginal rights by the Canadian state which has led directly to significant increases in their political and economic power It also examines how economic development which has long focused on non renewable natural resources particularly minerals has grown to an enormous scale Development of arctic oil and gas which hinges on world supplies and national and international politics has meant major changes across the North Some of the new national parks in the Canadian North are already under threat from mineral development Northern tourism has made it possible for a wide variety of affluent visitors to visit hitherto remote areas affecting the ecology The final selection on northern challenges discusses critical issues such as the impact of climatic change the social needs e g housing education of a rapidly increasing aboriginal population environmental protection of unique regions and defence of Arctic sovereignty Of the 62 readings in this edition 41 are new

Naturalist ,1884 *At the Forest's Edge* David T. Hellyer,2016-04-18 Pediatrician David Hellyer b 1913 records his family history and the life experiences that led to his founding of the 600 acre Northwest Trek Wildlife Park a wildlife sanctuary in Eatonville Washington **Seed Dispersal** Andrew J. Dennis,R.J. Green,E.W. Schupp,2007 Fresh concepts in the study of seed dispersal are spurring a host of exciting new questions new answers to old questions new methods and approaches and a reinvigation of the field Seed Dispersal Theory and its Application in a Changing World presents both recent advances and reviews of current knowledge demonstrating the vigour and vibrancy of the field It provides new perspectives and directions at a time when efforts to meet growing environmental challenges threatening natural systems are of utmost importance *The Victorian Naturalist* ,1892 **Nature** ,1889 *General Information Regarding Mount Rainier National Park* United States. National Park Service,1918 Minor Catalogues of the Public Library of the City of Boston [Fingierter Sammeltitel] , *Of Prairie, Woods, and Water* Joel Greenberg,2008-05 In the literary imagination Chicago evokes images of industry and unbridled urban growth But the tallgrass prairie and deep forests that once made up Chicago s landscape also inspired musings from residents and visitors alike In *Of Prairie Woods and Water* naturalist Joel Greenberg gathers these unique voices from the land to present an unexpected portrait of Chicago in this often charming sometimes heart wrenching anthology of nature writing These writings tell the tale of a land in transition one with abundant unique and incredibly lush flora and fauna a natural history quite elusive today Drawing on archives he uncovered while writing his acclaimed *A Natural History of the Chicago Region* Greenberg hand selected these first person narratives all written between 1721 and 1959 Not every author is familiar but every contribution is distinctive From a pioneer s hilarious notes on life in the Kankakee marsh to Theodore Drieser s poignant plea for conservation of the Tippecanoe River to infamous murderer Nathan Leopold s charming description of a pet robin he kept in prison the sources included are as diverse as the nature they describe The excerpts conclude with insightful biographical essays and traverse a wide area of greater Chicagoland from the Illinois River to southwest Michigan from southern Wisconsin to the Limberlost swamp of northeastern Indiana A fascinating record of Chicago s changing environmental history *Of Prairie Woods and Water* captures the natural world in a way that will inspire its continued conservation Errata We have learned the title of a book by the Chicago ecologist and writer May Theilgaard Watts has been incorrectly rendered in the selections attributed to Mrs Watts The correct title of her book is *Reading the Landscape of America* Nature Study Guild Publishers see <http://naturestudy.com> This will be corrected in the next printing We very much regret the error
