**A Square of Sky** Janina David, 2004 At the age of nine Janina David led a sheltered life with her prosperous Jewish family in Poland A year later they were all on the verge of starvation sharing a small room in the Warsaw ghetto When it became clear that none of them was likely to survive the thirteen year old girl was smuggled out to live with family friends When their home became too dangerous she was sent with false identity papers to a Catholic convent where she lived in constant fear of being discovered In this memoir David records the events around her through the eyes of a child lonely and terrified yet her determination to survive reads like a testament to the resilience of the human spirit **BOOK JACKET** [The Bibliography of Australasian Judaica 1788-2008](#) Serge Liberman, 2018-11-01 This bibliography includes all traceable self contained books monographs pamphlets and chapters from books which in some way pertain to Jews in Australia and New Zealand between 1788 and 2008 Born in Russia in 1942 Serge Liberman came to Australia in 1951 where he now works as a medical practitioner As author of several short story collections including *On Firmer Shores* *A Universe of Clowns* *The Life That I Have Led* and *The Battered and the Redeemed* he has three times received the Alan Marshall Award and has also been a recipient of the NSW Premier s Literary Award In addition he is compiler of two previous editions of *A Bibliography of Australian Judaica* Several of his titles have been set as study texts in Australian and British high schools and universities His literary work has been widely published he has been Editor and Literary Editor of several respected journals and has contributed to many other publications [Feminist Studies](#) ,2005 **Nurture, Care, Respect, and Trust** Tatyana Tsyrlina-Spady, Peter Renn, 2020-02-06 Nurture Care Respect and Trust is the first collection of interdisciplinary and logically interconnected papers from nationally and internationally acclaimed researchers in philosophy psychology history of education teacher training educational leaders and practitioners child advocates and educators who have been motivated by the philosophy and pedagogy of Dr Janusz Korczak 1878 1942 a world famous moral exemplar and champion of children s rights The book provides answers to timely questions of how to respect children s rights in K 12 schools community centers summer camps and colleges how to create an atmosphere of trust and safety and provide social emotional learning in the classroom how to become a genuine child advocate and how to support growing child agency It also tells the story of Korczak his life and the lives of the children in his charge Nurture Care Respect and Trust details how Korczak s legacy encourages and stimulates new projects and spreads around the world The volume serves as a rich resource of practical materials for teachers and university instructors introducing a number of innovative lesson plans examples of students works and school projects inspired by Korczak s pedagogy [Women in the Holocaust](#) Zoë Waxman, 2017 Despite some pioneering work by scholars historians still find it hard to listen to the voices of women in the Holocaust Learning more about the women who both survived and did not survive the Nazi genocide through the testimony of the women themselves not only increases our understanding of this terrible period in history but makes us rethink our relationship to the gendered nature of knowledge

itself Women in the Holocaust is about the ways in which socially and culturally constructed gender roles were placed under extreme pressure yet also about the fact that gender continued to operate as an important arbiter of experience Indeed paradoxically enough the extreme conditions of the Holocaust even of the death camps may have reinforced the importance of gender Whilst Jewish men and women were both sentenced to death gender nevertheless operated as a crucial signifier for survival Pregnant women as well as women accompanied by young children or those deemed incapable of hard labor were sent straight to the gas chambers The very qualities which made them women were manipulated and exploited by the Nazis as a source of dehumanization Moreover women were less likely to survive the camps even if they were not selected for death Gender in the Holocaust therefore became a matter of life and death

authors actors and auteur film directors His oeuvre which spans five decades has always been marked by a postmodern play with conventions experimental techniques and explorations of the status quo of modern urban lives Yet Woody Allen is also a nostalgic who makes the history of his nation his people and his individual subjects the constant theme of his work Whether cryogenically frozen Miles Monroe wakes up in the future only to misinform scientists about the past whether stand up comedian Alvy Singer reminisces his relationship to Annie Hall or whether ophthalmologist Judah Rosenthal is tormented by his memory of his Jewish rabbinical father after having had his girlfriend killed the past whether personal or communal is always an integral part of Allen's characterizations and plots Contrary to the assumption that postmodernity is necessarily linked to the future only and negates all history the present study argues that postmodern subjects very much depend on an active evaluation of the past and that through the lens of history present crises and traumata can be overcome In this way nostalgia manages to bring history back into postmodernism
