Iskin, 2025-01-28 The first comprehensive study of Cassatt's life work and legacy through the prism of a transatlantic framework This book re envisions Mary Cassatt in the context of her transatlantic network friendships exhibitions politics and legacy Rather than defining her as either an American artist or a French impressionist author Ruth E Iskin argues that we can best understand Cassatt through the complexity of her multiple identifications as an American patriot a committed French impressionist and a suffragist Contextualizing Cassatt's feminist outlook within the intense pro and anti suffrage debates in the United States Iskin shows how these impacted her artistic representations of motherhood fatherhood and older women Mary Cassatt between Paris and New York also argues for the historical importance of her work as an advisor to American collectors and demonstrates the role of museums in shaping her legacy highlighting the combined impact of gender national and transnational dynamics

In Pursuit of Beauty Metropolitan Museum of Art (New York, N.Y.), 1986 This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s but also helped set the course of such later developments in the United States as the Arts and Crafts movement the indigenous interpretation of Art Nouveau and even the rise of modernism In fact the early history of the Metropolitan its founding its sponsorship of a school of industrial design and its display of decorative works is inextricably tied to the Aesthetic movement and its educational goals In Pursuit of Beauty Americans and the Aesthetic Movement comprised some 175 objects including furniture metalwork stained glass ceramics textiles wallpaper painting and sculpture Some of these had rarely been displayed others although familiar were being shown in new and even startling contexts The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity From publisher's description
