A View From The Eagles Nest Policy Assessments Of The Obama Era:

A View from the Eagle'S Nest Bob Jack,2015-06-15 Politicians routinely wield raw political power to push through troubling legislation like the Affordable Care Act in which the will of the people was ignored to satisfy an extreme minority National debt is skyrocketing the Islamic State has exploded and in Benghazi we saw the senseless murders of the U S ambassador in Libya and three other Americans all as a result of politics incompetence and lies This is what life looks like under the presidency of Barack Obama Bob Jack however isnt letting him get away with it He tracks Obamas actions policies and the results of his ill fated leadership in this detailed assessment of his tenure as the commander in chief He contends that no political team has ever brought to America a more radical agenda of change unabashed insensitivity and glowing errors in judgment than this liberal progressive leftist ideological express called the Obama administration With Irans global influence spreading Russia bullying its neighbors and radical terrorists threatening to enslave freedom loving Americans its time we make things right by taking A View from the Eagles Nest

Contract Administration Pitfalls and Solutions for Architect-Engineering Projects Bob Jack,2015-06-05 The basic building block of all architect engineering firms is the client funded individual project These firms of all sizes and complexities have one thing in common they all operate under the authority of contracts that must be successfully executed to ensure overall success and continuity of the firm Without that success the firm goes out of business It therefore holds true that the degree to which these contracts are successfully managed determines the degree of success or failure of the enterprise This journal therefore is dedicated to the business process we refer to as contract administration or the combined acts of the firms staff to ensure that all elements desired by the client are formulated into a relationship that is reduced to writing known as the written contract and then successfully executed by the firm Whether the company is comprised of one hundred employees or ten thousand these contracts must be administered for success within budget and within schedule and meet the changing dynamics of the projects requirements over time Effective contract administration is essentially a sound communications process that guarantees that fundamental information in the contract relationship is disseminated to the project and support personnel who are expected to perform the contracts requirements This journal describes those tasks that must be executed to ensure that contract administration is a successful outcome and that all the players on the company team execute their individual tasks professionally repetitiously and successfully
