A Short History Of Romania:

A Short History of Romania Ion Bulei, 2005 *A Short History of Romania* James Samuelson, 2018-03-04 Although the earliest authentic records of Romania or more correctly speaking of Dacia the Roman province which embraced Romania Transylvania and some adjoining territories of today do not reach further back than about the century immediately preceding the Christian era a good deal of information is to be gathered from the writings of Herodotus Dion Cassius and other early historians regarding the Get the race from whom the Dacians sprang The Get were in all probability a branch of the Thracians who were amongst the earliest immigrants from the East and for some time before they appeared in Dacia which was situated on the northern side of the Danube or Ister as it was called by the Romans they had settled between the south bank of that river and the Balkans Mount Olympus of the Romans About the fourth century b c however the Get had crossed the river either driven north by an inimical neighbouring tribe the Triballi or in consequence of the growth of the nation itself When they were first encountered by the Greeks they occupied the eastern part of Dacia reaching probably to one portion of the Black Sea and some account of them is given by Ovid who was exiled to their vicinity but little is known of them until they came in contact with the Roman armies The Get have little direct interest for us but as we find associated with them the names of Philip of Macedon Alexander the Great and Lysimachus a few words concerning their connection with those heroes may not be out of place and will at least serve to fix a period in the history of the people **A Short History of Romania** Ion Bulei, 2015 *A Short History of Opera* Donald Jay Grout, Hermine Weigel Williams, 2003 The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama After surveying anticipations of the operatic form in the lyric theater of the Greeks medieval dramatic music and other forerunners the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day Jacket *A Short History of the Orthodox Church in Australia* LIT Verlag, 2022-12-14 The history of Orthodox Christians in Australia is that of immigrant communities which mostly for political and economic reasons left their countries of origin in Eastern Europe and the Middle East from the nineteenth century Since the mid twentieth century large numbers of Eastern Orthodox have settled in Australia chiefly Greeks Russians Serbs Antiochians from Syria and Lebanon Romanians Bulgarians Ukrainians Macedonians and Byelorussians This book presents five Orthodox Churches in Australia the Greek the Russian the Serbian the Antiochian and the Romanian Christine Chaillot is the author of numerous articles and books on the Oriental Churches in the fields of history theology and spirituality She is Swiss and Orthodox Patriarchate of Constantinople *A Short History of the Crusades* Jacob Isidor Mombert, 1894 *History of Romanian Technology and Industry* Dorel Banabic, 2023-12-18 This volume showcases the valuable achievements of the Romanian technology and industry worldwide It started from the premise that the history of Romanian technique is scarcely known outside the borders of Romania The main Romanian contributions to the world's technological heritage are missing except for a few names in the field of aviation

from the great encyclopedias and dictionaries published worldwide This is due among other reasons to the insufficient promotion in widely spoken languages of the history of Romanian technology The multidisciplinary approach of the volumes means that the field of technology had to be split into several branches The present volume includes the following industries mining metallurgy oil natural gas machine building agricultural machinery military textiles and construction Folk technology the formation of the industrial system and mechanics are tackled in separate chapters For each field are engaged the collaboration of authors who have already published a history of their field Certain chapters were drafted with the aid of specialists who have played the part of policy makers in the elaboration of development strategies for Romania and who are familiar not only with the facts and the history of their field but also with the philosophy behind its development A Short History of Greece W. A. Heurtley,1967 Romanians and Romania Ioan Aurel Pop,1999 The volume provides a comprehensive yet brief analysis of the evolution of Romanian history and civilization from the first century BC to the present Its principal attraction to readers is the conceptual and analytical approach designed to provide an intelligent yet scholarly overview of Romanian history and a clear understanding of the problems facing the country rooted in that history in the post communist period of transition of the 1990s and most likely also in the new millennium **Romania** ,1976 **History of Romania** Susana Andea,2006 **Language and Travel Guide to Romania** Rosemary Rennon,2007 Rosemary Rennon discovered Romania in 1993 when she went hunting for the small village where her father was born She was captivated by its scenery and by the simplicity of a country just awakening from its long communist nightmare Unfamiliar to many due to its long isolation Romania is comprised of five distinct regions resulting from both their unique landscapes and their historical populations of Dacians Romanians Germans Hungarians and Turks In addition to its rolling green hills and valleys with the arc of the Carpathian mountain chain in its centre the country s southeastern region on the Black Sea provides a massive wildlife refuge as well as miles of sandy beach resorts Its cities are filled with outstanding architectural gems and modern activities All this plus a fascinating turbulent history and the lovely Romanian tongue considered by many to be the original romance language belong to a culture one will never want to leave **Russia and Eastern Europe, 1789-1985** Raymond Pearson,1989 A Short History of French Literature George Saintsbury,1889 A History of the Balkans 1804-1945 Stevan K. Pavlowitch,2014-09-25 The Balkans have often been a flashpoint of conflict in European history The recent civil war has torn the country apart and the region faces an uncertain future This authoritative study provides an account of the history of the whole area from the first major nationalist rising against its Ottoman rulers in 1804 to the aftermath of World War II Covering the former Yugoslavia Albania Greece Bulgaria and Romania it provides a Balkan wide overview as well as histories of specific states and sets the context to the recent conflict A List of Materials for the Study of the History of Romania Kenneth W. Rock,1962 **Landform Dynamics and Evolution in Romania** Maria Radoane,Alfred Vespremeanu-Stroe,2016-09-01 New and innovative scientific theories discussion and explanations are presented on

landform dynamics and evolution in Romania along with a comprehensive understanding of the geomorphological processes shaping the large variety of Romania's landscape. Hidden Champions in Dynamically Changing Societies Alenka Bračec Lalić, Danica Purg, 2021-04-30. Hidden champions are highly successful small and medium-sized companies that are global leaders in terms of market share in their respective niches. Presenting the outcomes of an in-depth multinational study on hidden champions in Central Eastern and Southeast Europe, Russia, China, Mongolia, and Turkey, this book provides essential insights into the critical drivers of success: market leadership, positions, competitive advantage, and core lessons learned on the road to business prosperity. It also addresses development needs in connection with management, financing, and the regulatory environment, which can in turn be used to create recommendations for various stakeholders, e.g., governments, financial institutions, management development institutions, in order to support hidden champions in their further growth and business success.

Visual Rhetorics of Communist Romania Adriana Cordali, 2023-01-10. *Visual Rhetorics of Communist Romania: Life under the Totalitarian Gaze* offers personal accounts and theoretical insight into the Cold War era when little information about life beyond the Iron Curtain could transpire to the West. Adriana Cordali develops a unique visual rhetorical theory for analyzing communist totalitarian propaganda and the resistance to it and reveals the deliberate strategic invisibilities, the rhetoric of power engaged in. Building upon the local history, ideology, and politics of the regime imposed after WWII, she identifies propaganda's rhetorical features, visual tropes, and symbols and examines striking photographs and print materials from Ceaușescu's regime (1966-1989) and the time of regime change (1989-1990), as well as an award-winning Romanian film that depicts women's life at the time. Converging visual rhetoric and culture with history and politics, *Visual Rhetorics of Communist Romania* is a first book of this kind and will interest readers of rhetoric and communication, visual rhetoric, and political discourse in the region.

Communism and the Emergence of Democracy Harald Wydra, 2007-02-08. Before democracy becomes an institutionalised form of political authority, the rupture with authoritarian forms of power causes deep uncertainty about power and outcomes. This book connects the study of democratisation in eastern Europe and Russia to the emergence and crisis of communism. Wydra argues that the communist past is not simply a legacy but needs to be seen as a social organism in gestation where critical events produce new expectations, memories, and symbols that influence meanings of democracy. By examining a series of pivotal historical events, he shows that democratisation is not just a matter of institutional design but rather a matter of consciousness and leadership.

under conditions of extreme and traumatic incivility Rather than adopting the opposition between non democratic and democratic Wydra argues that the communist experience must be central to the study of the emergence and nature of democracy in post communist countries
