

Congratulations On Your Retirement

You have made it to retirement
And I guess the years have flown
Now its time to put you first
And reap the seeds that you have sewn

The nine to five, the daily grind
Now firmly in the past
Hip hip hooray, I'm pleased to say
You are finally free at last

For every day is yours to spend
Exactly as you choose
More holidays and coffee shops
Or that long awaited cruise

It's time to breathe, relax, unwind
Adopt a leisurely pace
Enjoy right now, this moment
As you've left life's daily race

Jessica Buskirk,Samuel Mareel,2017-07-05 Did the invention of movable type change the way that the word was perceived in the early modern period In his groundbreaking essay *The Work of Art in the Age of Mechanical Reproduction* the cultural critic Walter Benjamin argued that reproduction drains the image of its aura by which he means the authority that a work of art obtains from its singularity and its embeddedness in a particular context The central question in *The Aura of the Word in the Early Age of Print 1450 1600* is whether the dissemination of text through print had a similar effect on the status of the word in the early modern period In this volume contributors from a variety of fields look at manifestations of the early modern word in English French Latin Dutch German and Yiddish as entities whose significance derived not simply from their semantic meaning but also from their relationship to their material support to the physical context in which they are located and to the act of writing itself Rather than viewing printed text as functional and lacking in materiality contributors focus on how the placement of a text could affect its meaning and significance The essays also consider the continued vitality of pre printing press kinds of text such as the illuminated manuscript and how new practices such as the veneration of handwriting sprung up in the wake of the invention of movable type **ABC Chinese-English Dictionary** John DeFrancis,2023-12-31
