U.S. Army Afghan National Army Infantry and Counterinsurgency COIN Manual , Foreword This manual takes a general approach to COIN The Army recognizes that every insurgency is contextual and presents its own set of challenges You cannot fight the Taliban the way you would fight the former Soviet Union the application of principles and fundamentals to deal with each vary considerably Nonetheless all insurgencies even today s highly adaptable strains remain wars amongst the people employ variations of standard themes and adhere to elements of a recognizable revolutionary campaign plan This manual therefore addresses the common characteristics of insurgencies It strives to provide those carrying out a counterinsurgency campaign a solid foundation on which to build in seeking to understand and address specific insurgencies A counterinsurgency campaign is as described in this manual a mix of offensive defensive and stability operations conducted along multiple lines of operation It requires Soldiers to employ a mix of both familiar combat tasks and skills more often associated with nonmilitary agencies with the balance between them varying depending on the local situation This is not easy Leaders at all levels must adjust their approach constantly ensuring that their elements are ready each day to be greeted with a handshake or a hand grenade to be nation builders as well as warriors to help reestablish institutions and local security forces to assist in the rebuilding of infrastructure and basic services and to facilitate the establishment of local governance and the rule of law The list of such tasks is a long one and involves extensive coordination and cooperation with a myriad of intergovernmental indigenous and international agencies Indeed the responsibilities of leaders in a counterinsurgency campaign are daunting and the discussions in this manual endeavor to alert them to the challenges of such campaigns and to suggest general approaches for grappling with those challenges Conducting a successful counterinsurgency campaign thus requires a flexible adaptive force led by agile well informed culturally astute leaders It is our hope that this manual provides the necessary guidelines to succeed in such a campaign in operations that inevitably are exceedingly difficult and complex Our Soldiers deserve nothing less Hostage Rescue Manual Leroy Thompson, 2005-01-08 A comprehensive illustrated overview of the dynamic operations that have saved lives in hostage situations around the world Based on strategies proven successful in numerous incidents including the landmark SAS rescue at Prince s Gate London and

compiled by an author with intimate and practical knowledge of the field this book explains why the success of a rescue is often determined in the hours leading up to confrontation Once an incident is contained a large share of the responsibility for a successful conclusion rests with the hostage negotiator whose job is to save the lives of both hostage and hostage taker But if negotiations fail it becomes necessary to send in the hostage rescue team to resolve the situation by force and skill Hostage Rescue Manual explains the complex factors that determine the entry methods undertaken by a team with discussion of the pros and cons of stealth versus dynamic approaches plus the significance of distraction in securing successful site entry Operations in widely differing locations from nuclear power plants to airliners are detailed as are the range of special weapons available to the men and women tackling each incident We learn of the multiple roles played by participants such as the use of snipers as intelligence sources With vivid photographs and diagrams of rescue units in action Hostage Rescue Manual is the complete reference work on counter terrorist procedures all over the world This revised edition updates the book with an entirely new section devoted to developments in hostage rescue among them operations in Russia and Iraq since first publication

SCP Series One Field Manual SCP Foundation, Various Authors, 2019-09-19 SCP Foundation anomalies SCP 001 through to SCP 999 including containment procedures, experiment logs and interview transcripts. An encyclopedia of the unnatural. The Foundation, Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. The Foundation operates to maintain normalcy so that the worldwide civilian population can live and go on with their daily lives without fear, mistrust or doubt in their personal beliefs and to maintain human independence from extraterrestrial, extradimensional and other extranormal influence. Our mission is three fold: Secure. The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain. The Foundation contains anomalies with the goal of preventing their influence or effects from spreading by either relocating, concealing or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof. Protect. The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior.
