Al Qaeda Brotherhood Of Terror:

The Terrorist Next Door Erick Stakelbeck, 2011-05-02 The threat of terrorism in America the Obama administration assures us is contained and controlled Recent attempted attacks like the Times Square bombing the underwear bombing on a flight over Detroit and the attack on a Christmas tree lighting ceremony in Oregon were all isolated plots that failed anyway In the words of Homeland Security secretary Janet Napolitano The system worked Don t believe it In investigative reporter Erick Stakelbeck exposes the staggering truth about our national security the Obama administration is concealing and whitewashing the enormous terrorist threat growing right here within America s borders If you believe terrorism is only a problem for other countries Stakelbeck s on the ground reporting will open your eyes He has been inside America s radical mosques visited U S based Islamic enclaves and learned about our enemies by going straight to the source interviewing al Qaeda linked terrorists themselves

Guantanamo Bay Detainees Pamela M. Von Ness, 2003 With the decision to transfer Al Qaeda and Taliban captives to detention facilities at Guantanamo Bay Naval Base Cuba the Pentagon headed into legally uncharted territory The United States has neither recognized the detainees as prisoners of war nor have they been charged with any crime Consequently unanswered questions regarding their legal status and continued incarceration have drawn heated criticism from human rights organizations world wide Although senior defense officials are working to develop an appropriate long term plan they will likely confront further legal challenges involving military tribunals and the eventual reclassification of some detainees as bona fide prisoners of war The one certainty is that the military has undertaken an unprecedented prisoner operation with an undetermined end state

Incoherent Empire Michael Mann, 2020-05-05 In this book noted sociologist Michael Mann argues that the new American imperialism is actually a new militarism Dissecting the economic political military and ideological resources available to the US Mann concludes that they are so uneven as to generate only an incoherent empire and increasing world disorder The US is a military giant though it is better at devastating than pacifying countries It is a political schizophrenic its personality split between multilateralism unilateralism and an actual inability to rule over foreign lands or to control its own supposed client states It is only a backseat driver of the global economy It cannot steer it but it prods poorer countries toward an unproductive and unpopular neo liberalism
