*The Dyophysite Christology of Cyril of Alexandria* Hans van Loon, 2009-04-07 The formula one incarnate nature of the Word of God has often been depicted as a summary of Cyril of Alexandria's ca 378-444 christology. But no systematic study into his christological works has been published. Besides there is no consensus regarding the meaning of the key terms and expressions in these works. This book addresses this deficiency by an integral investigation of the archbishop's christological writings during the first two years of the Nestorian controversy and comes to the conclusion that his christology is basically dyophysite. This reappraisal of his christology bears on the understanding of the Council of Chalcedon and on contemporary ecumenical relations especially those between the Eastern Orthodox and the Oriental Orthodox. *A Different Future - An Introduction to an Esoteric Form of Raja Yoga* Robert Martin Duff, 2006-02-01 An introduction to an esoteric form of raja yoga which defines yoga as the science and art of developing human consciousness. It combines techniques for the body, mind and feeling and adds healing techniques to developmental ones. Apart from a new synthesis of traditional ideas, original material addresses why permanent liberation is so difficult and presents a major development in Harmonic Matrix Cosmology based on Triads and Octaves. Also the appendix contains a detailed presentation of Non Thing Theory, a model for the application and implementation of a radical discovery concerning the true nature of negative phenomena. This discovery validates the all positive observations of states of ecstasy while reconciling them with the common sense observations of negatives.

Reality Transurfing Vadim Zeland, 2011 *Transurfing Reality* was one of the top non-fiction bestsellers in the world in 2005 and 2006. This translation by Natasha Micharina describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model speaking in detail about particular rules to follow and giving important how-to tips illustrated with examples. The author introduces a system of specific terms, notions and metaphors.
