Like No Other Time Tom Daschle, Michael D'Orso, 2003-11-04 Tom Daschle the Majority Leader of the historic 107th Senate presents a candid insider's account of the workings of the U S government during two of the most tumultuous years in the nation's history The 107th Congress faced a time like no other in the life of the nation This was the era of the first presidential election to be decided by the United States Supreme Court the fifty-fifty Senate the horror of September 11 the anthrax attacks on media and the government including Daschle's own office the war on terrorism corporate scandals that shook the economy the inexorable move toward war with Iraq and other dramatic events all leading up to the historic midterm elections of 2002 Through it all Senator Tom Daschle had with the exception of the President the most privileged view of these unfolding developments both in front of and behind the closed doors of government In *Like No Other Time* Daschle offers a riveting account of his singular perspective on a time when the nation faced deadly and elusive external enemies and a level of domestic political contention rarely seen in American history Senator Daschle is unflinching in his impressions of the key political figures of our time from both parties The result is an acutely perceptive assessment of how our government met and sometimes did not meet the challenges of a remarkable era As it was during the years of the 107th Congress the United States is once again at a critical and historic crossroads Our choices based on what we have learned from our recent past will affect our future in profound ways For Senator Daschle the first and perhaps most important choice lies with what kind of representation and leadership we want in government It is a choice between a political party with a core philosophical belief in the power of our collective will to confront these challenges through our government and one dominated by a group of people who don't like and don't believe in government

The Times to Come Have Come David White, 2009-09-12 The times that have been foreseen foretold and mostly feared have suddenly come upon us These will prove to be times like no other in all of history If God had intended for you to live during any other age He would have arranged it Yet from the foundation of the world God has purposed that you would live on the earth during a time of both unprecedented deception and darkness and yet unequalled grace and glory God has promised hope and help in troubled times You may even discover that you were more prepared for these days than you had ever dreamed Because the times that were to come have come

Remembering Transitions Ksenia Robbe, 2023-10-04 This volume offers critical perspectives on memories of political and socioeconomic transitions that took place between the 1970s and 1990s across the globe and that inaugurated the end of the Cold War The essays respond to a

wealth of recent works of literature film theatre and other media in different languages that rethink the transformations of those decades in light of present day crises The authors scrutinize the enduring silences produced by established frameworks of memory and time and explore the mnemonic practices that challenge these frameworks by positing radical ambivalence or by articulating new perspectives and subjectivities As a whole the volume contributes to current debates and theory making in critical memory studies by reflecting on how the changing recollection of transitions constitutes a response to the crisis of memory and time regimes and how remembering these times as crises renders visible continuities between this past and the present It is a valuable resource for academics students practitioners and general readers interested in exploring the dynamics of memory in post authoritarian societies General (bLACK_bOX) Theory of Re-CONSTRUCTION: (YES!)

Christians are confused and uncertain about the book of Revelation and it is no wonder Ten different Bible commentators can present twelve different points of view on Revelation Bible teachers just adopt the viewpoint of their favorite Bible commentator Pastors tend to preach to the view point they were taught in seminary by a respected professor Ninety nine percent of pastors and Bible teachers are not dogmatic about their view of Revelation and will profess that each of the various interpretations has merit but this is an unacceptable position Logically there can be only one correct interpretation of the book of Revelation The desire to find the one true interpretation of Revelation has been with me since I first began reading the Bible over twelve years ago After years of prayer study research and contemplation the fog of confusion began to clear The key is quite simple and yet difficult in that it is most elusive The key to unlocking Revelation is a complete trust in God *Do You Believe?* Fran Perricone DiMartino,Debra DiMartino Wright,2003-06 Main Street, Past & Present Charles

The Spiritual Battle For Salvation Dr. Daniel Wagner,2016-05-29 Time is seeming to go faster and faster Events worldwide are keeping us speechless A lot of things are not adding up any more The spiritual confusion amongst Christianity becomes more and more complex What is going on Are we living in the endtimes Is something about to happen The present church is spiritually asleep A strong spirit of deception is deceiving the church into a false Gospel and a false Christianity Christian leaders world wide abandon biblical faith and they embrace the New World Order and the New World Religion The devil disguised as big helper has replaced biblical truth with deceptive truth The majority of believers support and promote the fortold hellish nightmare of the one world government Unless church leaders wake up and stand up for biblical truth the majority of Christians will be damned to hell Will Jesus be able to find biblical pure faith on earth when he returns You might be instrumental in starting the last and greatest revival

Christian, the Choice Is Yours Ron McNeel,2013-02-20 Life is all about choices You choose where to live your occupation spouse and the names of your children just to highlight a few Some choices are easy to make while others are difficult and require a lot of thought and consideration Some choices lead to good outcomes while others do not The best choice an individual could ever make is to receive Christ as personal Savior That decision guarantees the believer a home in Heaven with God for eternity Although the eternal issue is settled there are many choices that face the believer during his her journey through life These choices will not alter the believer s eternal destiny but can have a major impact on the quality and effectiveness of the Christian life Wrong choices made by the believer can result in a life that is marred by defeat and unhappiness This book is about personal choices for the believer Although the principles presented in this book are for all Christians the words are directed to you for self examination Victory in your Christian life will be determined by the choices you make God has a plan for your life and a way to achieve it but Satan also has a plan Whose plan you follow depends on your choices This battle over control of your life will continue until you are finally at home in Heaven The goal of this book is to equip you with guiding

principles from God's Word to explain how you can have God's promised victory and live a meaningful and fruitful Christian life. You can follow God's plan and experience this victory or choose Satan's plan and live defeated. The choice is yours.
