A Smile Through A Tear Stories:

Smiling Through My Tears Carol Ann Miller,2012-04 There were times when smiles were evasive and tears profuse but there were also many minutes days and months when the smiles and the tears became one and the same Smiling through My Tears is a poignant story that chronologically unfolds the meaningful life and untimely death of my son who could have easily been anyone's child or neighbor Smiling through My Tears is an unveiling of an everyday American dealing with a not so everyday childhood disease It touches everyone's heart and soul It offers strength to those living through similar circumstances as well as understanding and peace to those who are the survivors **An Irish Crazy-Quilt; Smiles and**

Pain (the Story of My Life) Kormassah Jallah Webs,2023-02-09 This is my life story that I want to share with other women My life was not as it seems because it had some unpleasant moments and those unexpected experiences are individualized Nobody prepares you for the incredible adventures of life but you learn along the way Pain is that internal suffering that only you can experience Only you can rate its severity which can put you in that position of smiling with a pleased kind or amused facial expression to cover the pain We all have life experiences whether from loved ones or acquaintances that have left us messy and broken A smile within the pain is a life that has been filled with pain and sorrow that kept me hostage crippled for years It is a life that forces me to grow and develop I am this girl who was beaten on every side broken beyond repair and raped of her innocence and all I would do was to smile in my pain as a cover up She had dreams growing up but this world of uncertainty came and redirected her path She's that teenager who gave birth twice with a future that was clouded with fear hopelessness insecurity and doubts She is that girl wandering in the wilderness for years because it was so dark but then God came and rescued her When she thought all hope was gone the God of resurrection came knocking at the door of her heart and she opened it with no hesitation I can hear a knock from Jesus on the door of your heart Please open it so he can repair it Just say this with me Even though I have been raped on every side I will not allow fear insecurity and doubts to rape my future or my divine destiny away He turned her disgrace into grace her pain into joy and her sorrow into dancing I want you to know that if God can clothe my nakedness and bring me back on track he can also do it for you There is no brokenness or mess that God cannot fix Regardless of how messy or broken you are give God a chance and everything will be right again Be courageous stand firm and see the salvation of the Lord in your life **Listening on the Edge** Mark Cave,Stephen M. Sloan,2014 From the headlines of local newspapers to the coverage of major media outlets scenes of war natural disaster political revolution and ethnic repression greet readers and viewers at every turn What we often fail to grasp however despite numerous treatments of events is the deep meaning and broader significance of crisis and disaster The complexity

and texture of these situations are most evident in the broader personal stories of those whom the events impact most intimately Oral history with its focus on listening and collaborative creation with participants has emerged as a forceful approach to exploring the human experience of crisis Despite the recent growth of crisis oral history fieldwork there has been little formal discussion of the process and meaning of utilizing oral history in these environments Oral history research takes on special dimensions when working in highly charged situations often in close proximity to traumatic events The emergent inclination for oral historians to respond to document crisis calls for a shared conversation among scholars as to what we have learned from crisis work so far This dialogue at the heart of this collection of oral history excerpts and essays reveals new layers of the work of the oral historian From the perspective of crisis and disaster oral history the book addresses both the ways in which we think about the craft of oral history and the manner in which we use it The book presents excerpts from oral histories done after twelve world crises followed by critical analyses by the interviewers Additional analytical chapters set the interviews in the contexts of psychoanalysis and oral history methodology

Gonzales, 2009 From Tears To Lip Gloss is a vivid expression of the ebb and flow of a woman's emotions experienced whilst caught up in a roller coaster of life's ups and downs particularly as it relates to relationships In the often dizzying

swirls of events she can be found crying without thought of her outward appearance Her tears tell their own tale of the internal raging turmoil thus causing outward presentations to prove irrelevant no matter how ravaged she may seem to the casual onlooker But once she touches down back into the plains of sanity and normalcy the shedding of those tears will stop Her inner resilience will have preserved her through the worst She is then driven to finally decide to begin a new chapter by turning a fresh page in life With the dawn of this rising hope she is compelled to adorn her new found inner radiance and confidence with a revealing application of her brightest Lip Gloss She is ready to step back into the world of the here and now
