A Spys Guide To The Kennedy Assassination:

A Spy's Guide to the Kennedy Assassination E. B. Held, 2013-03-24 In the highly emotional period following the tragic 1963 assassination of President John F Kennedy indications that the Soviet KGB and or the Cuban DGI intelligence services had clandestine operational relationships with the assassin Lee Harvey Oswald were suppressed by Soviet and Cuban as well as American authorities Had the authorities not done so the situation could have spun out of control and a nuclear holocaust might well have resulted As more and more information has been revealed especially since the end of the Cold War the existence of separate KGB and DGI operational relationships with Oswald is obvious to experienced intelligence officers So imagine the panic of Soviet Premier Nikita Khrushchev 13 months after the Cuban Missile Crisis when he learned that a low level KGB spy named Oswald had just assassinated the President of the United States No the KGB did not direct the assassination but yes the assassin Oswald had worked for the KGB Imagine the reaction of Cuba s Fidel Castro who knew that Kennedy personally supported persistent CIA efforts to kill him and had expressly warned the Americans that he was prepared to retaliate in kind Yes Oswald had offered to attempt killing Kennedy on Fidel s behalf but did Cuban intelligence officers ever imagine that Oswald might actually succeed And imagine that you were America s new President Lyndon Johnson What would you do If only the Cubans were involved then you might simply bomb the island back to the stone ages But what if the nuclear armed Soviets were implicated as well E B Held brings the Kennedy Assassination to life including photos and walking tours of key sites in Washington New Orleans and Dallas A retired CIA operations officer and former Director of Intelligence and Counterintelligence at the Department of Energy Held provides a straightforward explanation based on undisputed historical facts of the relationship between Oswald and the Soviet Cuban and American intelligence services

A Spy's Guide to Santa Fe and Albuquerque E. B. Held, 2011-03-15 When thinking of New Mexico few Americans think spy vs spy intrigue but in fact to many international intelligence operatives the state s name is nearly synonymous with espionage and Santa Fe is a sacred site The KGB s single greatest intelligence and counterintelligence coups and the planning of the organization s most infamous assassination all took place within one mile of Bishop Lamy s statue in front of Saint Francis Cathedral in central Santa Fe In this fascinating guide former CIA agent E B Held uses declassified documents from both the CIA and KGB as well as secondary sources to trace some of the most notorious spying events in United States history His work guides modern visitors through the history of such events as the plot to assassinate Leon Trotsky Ted Hall s delivery of technical details of the atom bomb to the KGB and the controversial allegations regarding Los Alamos National Laboratory scientist Dr Wen Ho Lee s contacts with China Held provides background material as well as modern site locations to allow Cold War enthusiasts the opportunity to explore in a whole new way the settings for these historical events

Honest Answers about the Murder of President John F. Kennedy Vincent Michael Palamara, 2021-03-19 Thousands of books and articles have been written about the murder of JFK many of which are large in volume and short on

facts Quite often these works try to reinvent the wheel attempting to cover every single area of the assassination as well as many tangential and unessential points as well The reader is often left exhausted and confused The sheer volume of pages conflicting facts and theories leaves one unsatisfied and quite frankly not sure exactly what did happen on 11 22 63 This book seeks to separate the wheat from the chaff It is 55 plus years later it is time for real honest answers in an easy to read and understand format Proof of a conspiracy no theories to the point a perspective on the assassination for the millennial age and beyond Based on years decades of primary source research and having read countless books on the subject

The JFK Assassination Don Becker, 2010-12 Revised February 2011 I called the book a researcher's guide for a reason This book is a compilation of the material I read about the assassination but in a totally different format Easy to read direct and to the point I tried to give as much information as possible Obviously I could not possibly put all the information in one book so I was a bit selective in the data I recorded It contains numerous aspects of the case and nearly every line will lead the researcher to the source of the information so they can continue to look into that particular topic When I started my research my goal was to prove Lee Harvey Oswald did not murder John Kennedy By the time I proved Oswald did not shoot Kennedy I noticed Oswald did not shoot Tippett either Noting where he was seen before the shooting and where he was after the shooting will prove he was not at the window at 12 30pm I will prove my point I determined Oswald did not have time to get into position to do the shooting The motorcade was scheduled to pass the Book Depository at 12 25 pm Oswald was in the lunch room at 12 15 and Bonnie Ray Williams was on the 6th floor alone until 12 20 A good sniper would have been in position well in advance of his prey's expected arrival which Oswald was not But wait there's more Looking at some of the evidence from a totally different perspective I was able to prove a conspiracy I compared the wounds with the Bullet count and the time statistics of the rifle I assure you no one has looked at it from this viewpoint The closest any author came to mentioning this concept was Harrison Livingstone's book High Treason

NASA, Nazis & JFK Kenn Thomas, William Torbitt, 1996 In 1970 a photocopied manuscript began circulating among conspiracy researchers entitled Nomenclature of an Assassination Cabal by William Torbitt a pseudonym The Torbitt Document was a damning expose of J Edgar Hoover Lyndon Johnson John Connally and Werner von Braun among many others for their role in the assassination of President John F Kennedy This first published edition of the Torbitt Document emphasizes what the manuscript says about the link between Operation Paperclip Nazi scientists working for NASA the Defence Industrial Security Command DISC the assassination of JFK and the secret Nevada air base known as Area 51 The Torbitt Document illuminates the darker side of NASA the Military Industrial Complex and the connections to Mercury Nevada and the Area 51 complex which headquarters the secret space programme

The Jfk Assassination Revisited James V. Rinnovatore, Allan Eaglesham, 2014-03-06 James Rinnovatore and Allan Eaglesham provide proof that President Kennedys body was in the Bethesda morgue well before the motorcade from Andrews Air Force Base arrived at the entrance to Bethesda Naval Hospital carrying the bronze casket in which the body had been placed at Parkland Hospital Dallas The casket was empty at this time as it had been when it was placed in a gray navy ambulance for transportation from Andrews to Bethesda The body had been removed from the bronze casket while Lyndon

Johnson was being sworn in as president before Air Force One left Love Field The purpose of the early arrival of the body at the Bethesda morgue was to alter the wounds which had been found to be frontal by the doctors at Parkland The wounds had to be reversed in order to implicate a lone assassin Lee Harvey Oswald shooting from the Texas School Book Depository New information is provided regarding pre autopsy photographs and exclusion of FBI agents from the autopsy room to prevent their discovery of the body there Also provided are analyses of the reports of the Warren Commission the HSCA and the ARRB of who planned the assassination and the case for two Oswalds www.manuscriptservice.com DarkCorners
