A Storm Called Katrina:

A Storm Called Katrina Myron Uhlberg, 2015-08 For use in schools and libraries only When flood waters submerge their New Orleans neighborhood in the aftermath of Hurricane Katrina a young cornet player and his parents evacuate their home and struggle to survive and stay together

A Storm Called Katrina Myron Uhlberg, 2012-01-15 *Frankenstein Makes a Sandwich*

Storm Called Katrina, *Katrina* Andy Horowitz, 2020-07-07 Winner of the Bancroft Prize Louisiana Endowment for the Humanities Book of the Year A Publishers Weekly Book of the Year The main thrust of Horowitz's account is to make us understand Katrina the civic calamity not the storm itself as a consequence of decades of bad decisions by humans not an unanticipated caprice of nature

Nicholas Lemann New Yorker Hurricane Katrina made landfall in New Orleans on August 29 2005 but the decisions that caused the disaster can be traced back nearly a century After the city weathered a major hurricane in 1915 its Sewerage and Water Board believed that developers could safely build housing near the Mississippi on lowlands that relied on significant government subsidies to stay dry When the flawed levee system failed these were the neighborhoods that were devastated The flood line tells one important story about Katrina but it is not the only story that matters Andy Horowitz investigates the response to the flood when policymakers made it easier for white New Orleanians to return home than for African Americans He explores how the profits and liabilities created by Louisiana's oil industry have been distributed unevenly prompting dreams of abundance and a catastrophic land loss crisis that continues today Masterful Disasters have the power to reveal who we are what we value what we're willing and unwilling to protect

New York Review of Books If you want to read only one book to better understand why people in positions of power in government and industry do so little to address climate change even with wildfires burning and ice caps melting and extinctions becoming a daily occurrence this is the one

Los Angeles Review of Books Was the Cat in the Hat Black? Philip Nel, 2017 Racism is resilient duplicitous and endlessly adaptable so it is no surprise that America is again in a period of civil rights activism A significant reason racism endures is because it is structural it's embedded in culture and in institutions One of the places that racism hides and thus perhaps the best place to oppose it is books for young people Was the Cat in the Hat Black presents five serious critiques of the history and current state of children's literature tempestuous relationship with both implicit and explicit forms of racism The book fearlessly examines topics both vivid such as The Cat in the Hat's roots in blackface minstrelsy and more opaque like how the children's book industry can perpetuate structural racism via whitewashed covers even while making efforts to increase diversity Rooted in research yet written with a lively crackling touch Nel delves into years of literary criticism and recent sociological data in order to show a better way forward Though much of what is proposed here could be endlessly argued the knowledge that what we learn in childhood imparts both subtle and explicit lessons about whose lives matter is not debatable The text concludes with a short and stark proposal of actions everyone reader author publisher scholar citizen can take to fight the biases and prejudices that infect children's literature

While *Was the Cat in the Hat Black* does not assume it has all the answers to such a deeply systemic problem its audacity should stimulate discussion and activism **Teaching Globally** Kathy Short,Deanna Day,Jean Schroeder,2023-10-10 With the world visibly present in students lives through technology mass and social medias economic interdependency and global mobility it is more important than ever to develop curriculum that is intercultural In *Teaching Globally Reading the World Through Literature* a community of educators show us how to use global children s literature to help students explore their own cultural identities Edited by Kathy Short Deanna Day and Jean Schroder this book explains why global curriculum is important and how you can make space for it within district and state school mandates *Teaching Globally* is built around a curriculum framework developed by Short and can help teachers integrate a global focus into existing literacy and social studies curricula evaluate global resources guide students as they investigate cross cultural issues and create classroom activities with an intercultural perspective Filled with vignettes from K 8 urban suburban and rural schools that describe successes and struggles *Teaching Globally* aims to integrate global literature into classrooms and challenge students to understand and accept those different from themselves The book also includes extensive lists of recommendations websites professional books and an appendix of global text sets as mentioned by the authors **Riding the Storm Out** ,2006-01-18 9 year old author McKenna Andrews has written creatures that they encounter and wild dolphins that befriend them and take them under their wings until they can be rescued Experience the adventures of these dolphins in the open sea as written and illustrated by McKenna with real dolphin photos Each time you turn the page you will slip into a REVERY It s as if the dolphins are telling the story *THE STORMS* Ruth Willis,2024-04-15 The storms that we face today are very different than any this country has faced before When I review history there is really nothing new We marry we build homes but our society has changed in regard to our values As I have looked at our World God is still in control of this world and nothing will change that fact We cannot turn the pages back to a time when life was not so complicated and people cared about each other We can make life easier for those around us by being true ambassadors for Christ *riding tihe storm out* ,2006 A fictional tale inspired by true events as lived by the Marine Life Dolphins of Gulfport MS t p verso **When the Planet Rages** Charles B.
