Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1959 *Christian Nationalism and Anticommunism in Twentieth-Century South Africa* Ruhan Fourie, 2024-03-19 This book investigates Afrikaner anticommunism in South Africa in the twentieth century focusing on the Dutch Reformed Church DRC Following contemporary understandings of anticommunism as a fluid ideological stance it demonstrates that the deeply held anticommunist convictions of ordinary twentieth century Afrikaners is more than merely a natural result of global politics It examines how the DRC the institution with the widest reach and deepest influence in the everyday lives of Afrikaners played a significant role in perpetuating an anticommunist imagination amongst twentieth century Afrikaners The text explores the critical role the DRC fulfilled in legitimising overt opposition to and suppression of communism in all its perceived manifestations including black dissent whilst also creating an Afrikaner imagination in which the volk remained convinced of the ever present communist threat and of its own role as a bulwark against communism The church s moral standing in Afrikaner society also made it susceptible to right wing opportunists gaining mainstream political clout which this monograph also exposes and explains It ultimately concludes that anticommunism functioned as a vehicle for nationalist unity and uniformity a paradigm for Afrikaner identity and a legitimiser of the volk s perceptions of its imagined moral high ground throughout the twentieth century It will appeal to readers interested in anticommunism Christian nationalism right wing networks racism and apartheid culture and society

America would mean The communists however have no doubts Their blueprints are already made So at the very outset let us look at their dream and see what it would mean to you and me and all the people we know In June 1957 Nikita Khrushchev Soviet Communist Party boss was interviewed before a nation wide American television audience With calm assurance he stated I can prophesy that your grandchildren in America will live under socialism And please do not be afraid of that Your grandchildren will not understand how their grandparents did not understand the progressive nature of a socialist society William Z Foster former National Chairman of the Communist Party of the United States now Chairman Emeritus of the Party s National Committee also predicted that this nation will one day become communist when he stated in 1949 in dedicating his book The Twilight of World Capitalism To My Great Grandson Joseph Manley Kolko Who Will Live in a Communist United States These words of Russia s top Party boss and one of the highest ranking communists in the United States reveal the nature of the enemy we face To make the United States a communist nation is the ambition of every Party member regardless of position or rank He works constantly to make this dream a reality to steal your rights liberties and property Even though he lives in the United States he is a supporter of a foreign power espousing an alien line of thought He is a conspirator against his country The communist is thinking in terms of now in your lifetime Remember that within four decades communism as a state power has spread through roughly 40 per cent of the world s population and 25 per cent of the earth s surface Some years ago communists were complaining that their fatherland Soviet Russia was encircled a communist island in a capitalist sea Today the situation is changed The world communist movement is on the march into Germany the Balkans the Middle East stretching across the plains of Asia into China Korea and Indochina Communists have never won over an entire country by a free election and have never hesitated to shed blood if this would best serve their purposes Moreover in noncommunist countries thousands of Party members are working for Moscow Communists firmly believe they are destined to conquer the world This belief is held in the United States too A disciplined Party of hard core fanatical members is now at work with their fellow travelers sympathizers opportunists and dupes Communists in our country though small in numbers do not feel lonely They have faith in the big Red brother who will come to their help William Z Foster s hope a Red America is today inspiring thousands of Party members and sympathizers to determined effort They want to add America to Soviet Russia s list of conquests
