A Theology As Big As The City:

A Theology as Big as the City Raymond J Bakke, 2025-07-29 As we look at the world class cities around our planet we face five new urban realities a crack cocaine epidemic assault weapons massive numbers of homeless children HIV AIDS and in the U S what Time magazine has called the browning of America The needs of the urban population are greater than ever As our cities swell with immigrants I m reminded that Jesus was born in a borrowed barn in Asia and became an African refugee in Egypt so the Christmas story is about an international migrant Furthermore a whole village full of baby boys died for Jesus before he had the opportunity to die for them on the cross Surely this Jesus understands the pain of children who die for the sins of adults in our cities How does God see the city What does Scripture have to say about urban ministry These are the questions Ray Bakke has systematically addressed beginning with Genesis and continuing through to Revelation Here is a biblical theology that will constantly surprise and challenge as you get a glimpse of how big God s view of the city really is

The Fallacy of Affinity Barron Witherspoon (Sr.), 2010-08 The Fallacy of Affinity makes the case for Cross Cultural Worship as an imperative for all Christians The book makes the case biblically and empirically and supports the case with practical experience The Fallacy of Affinity debunks the theory that homogeneous congregations grow faster and grow deeper than diverse congregations They may grow faster but they do not grow deeper The author not only suggests it is good to have diversity in Christian congregations he claims Any ministry that does not have a clear and compelling objective to enable Cross Cultural Worship among the fellowship of believers is working against God s plan for his church The Fallacy of Affinity is also the story of one man s spiritual journey from the life of a typical youth in a segregated community including segregated worship to a life of full appreciation for the benefits of diversity in the Christian context The book speaks to the head with hard hitting facts and to the heart with real life stories Barron Witherspoon Sr is a bi vocational leader He is a vice president at Procter Gamble the world s largest consumer products company and an ordained preacher with a global itinerant ministry He and his wife Karen now live work and worship in Cincinnati Ohio They have two adult children Briana and Barron Jr

The City in the Valley Dieter Georgi, 2005 Is there still promise in the metropolis Can modern cities have lasting value Drawing on a wide range of resources including the writings of Paul the Apocalypse Greco Roman literature church history theology and socioeconomic theory Dieter Georgi answers yes Our cities can become more than human and ecological garbage dumps they can aspire to be communities where people live in harmony with one another and their environment In support of this lofty goal Georgi unmasks economic and political theories and elements of Christian theology that have led to the demise of cities and then advocates a new praxis of urban theology a concrete way of living together in the cities of today and tomorrow

Dancing Theology in Fetish Boots Lisa Isherwood, 2013-01-26 Marcella Althaus Reid was one of the most fascinating and controversial theologians of the twentieth and early twenty first century Her strong personality and her iconoclastic work inspired a whole generation of theologians in the UK and worldwide Marcella s creative life was cut short by her death from cancer in 2009 Yet she lives on not least in those who have been inspired by her work and continue to engage with it *Dancing Theology in Fetish Boots* draws together a number of world class scholars and others who engage with the main themes of Marcella s work and show how the critical and controversial conversations which Marcella has begun can and do continue It is therefore far more than a Festschrift but a celebration of an intellectual life Marcella style

Theology in Built Environments Sigurd Bergmann,2017-07-12 Built space is both a physical entity as well as a socially and historically constructed place It constantly interacts with human beings affecting their behavior thinking and feeling Doing religious work in a particular environment implies acknowledging the surroundings to be integral to theology itself The contributors to this volume view buildings scriptures conversations prayers preaching artifacts music and drama and built and natural surroundings as contributors to a contextual theology The view of the environment in which religion is practiced as integrated with theology represents not just a new theme but also a necessity if one is to understand religion s own depth Reflections about space and place and how they reflect and affect religious experience provide a challenge and an urgent necessity for theology This is particularly important if religious practitioners are to become aware of how theology is given expression in the existential spatiality of life Can space set theology free This is a challenging question one that the editor hopes can be answered at least in part in this volume The diversity of theoretical concepts in aesthetics cultural theory and architecture are not regarded as a problem to be solved by constructing one overarching dominant theory Instead this diversity is viewed in terms of its positive potential to inspire discourse about theology and aesthetics In this discourse theology does not need to become fully dependent on one or another theory but should always clearly present its criteria for choosing this or that theoretical framework This volume shows clearly how different modes of design in sacred spaces capture a sense of the religious **Theology and Technique** Jacques Ellul,2024-02-21 Theology and Technique is a posthumous incomplete volume drafted in the 1970s that nevertheless constitutes a significant addition to the Ellul corpus Working from Jacques Ellul s original outline a collaborative team including three of Ellul s children a grandson and Ellul scholars has assembled previous partial publications that Ellul himself approved for eventual incorporation along with relevant unpublished essays and notes into a book which throws the relationship between Ellul s radical theology and sociological critique into fresh perspective Frederic Rognon contributes an especially insightful general introduction The

translation by Christian Roy is a model of rendering the complexities of the French original into English This latest Ellul publication will be essential to any serious attempt to appreciate the scope and depth of Ellul s Christian engagement with the challenges of the contemporary world **Development in Spirit** Seb Rumsby,2023-06-06 As state economic policies promote integration under a single logic of modernist development many impoverished groups remain on the margins Development in Spirit explores the practices employed by communities on the fringes of such nation building projects Using an everyday political economy lens Seb Rumsby demonstrates how seemingly powerless actors actively engage with larger forces shaping their experience of development in ways that are underexamined but have far reaching consequences Following state led market reforms in the 1980s Vietnam experienced stunning economic transformation But for the Hmong communities of the country s north and central highlands the benefits proved elusive Instead the Hmong people have pursued their own alternative paths to development Rumsby shows how mass conversion to Christianity led to a case of unplanned development that put the Hmong on a trajectory of simultaneous integration into the market economy and resistance to state authority Many of the strategies community members employ are tied to the Christianization of everyday life Religious actors play complex and often contradictory roles in facilitating networks of exchange challenging or enforcing gender norms promoting communalism and enforcing discipline and shaping local ideas about progress They are influenced by national and transnational religious networks especially US produced radio broadcasts by Hmong American Christians and local converts This compelling account provides fresh theoretical and empirical insights into the interplay of religion neoliberal development and marketization across the world **Bibles and Baedekers** Michael Grimshaw,2014-12-05 Contemporary tourism and travel have become a form of religion a new opiate of the masses However could Church and theology be religious forms of tourism and travel Bibles and Baedekers offers a theology of tourism and exile for a modern and postmodern world It examines the ways in which location identity and movement have made use of religious texts and metaphor and questions the relative absence of secular texts and ideas in theology The theology of the tourist and traveller is one of new experiences the acquisition of identity through movement Bibles and Baedekers uniquely applies this to the postmodern Christian embodying the fulfilment of Bonhoeffer s religionless Christianity dislocated from both a secular and religious world **Christ's Church** Bo Giertz,2010-10-04 The Church who is she asks Bo Giertz in this book which he adds is first of all for those who have some notion of the life which is present within the church walls and also have some desire to understand that life better and know more about it If you re among the tens of thousands who ve read Giertz s bestselling novel The Hammer of God about ordinary people in their relation to the Church and her message then you know his ability to engage you in the dramatic events of everyday life Giertz shows the same engaging ability when he in Christ s Church takes you on a walk from her biblical roots toward her glorious future **Martin Bormann** Volker Koop,2020-08-27 A biography of the man who served as head of the Nazi Party Chancellery Hitler s personal secretary and the monster who decided the

fate of millions Born on June 17 1900 Martin Ludwig Bormann became one of the most powerful and most feared men in the Third Reich An obsessive bureaucrat it was Bormann who helped steer Hitler s apparatus of terror so effectively that he became the clandestine ruler of Nazi Germany After joining the Nazi Party in 1927 Bormann rose through its ranks Indeed by July 1933 Bormann had maneuvered himself into the position where he became the Chief of Cabinet in the Office of the Deputy F hrer Rudolf Hess In this role Bormann gradually consolidated his power base so that when Hess carried out his infamous flight to the United Kingdom in 1941 Bormann stepped into his shoes As the head of the Party Chancellery Bormann took control of the Nazi Party By the end of 1942 he was Hitler s deputy and his closest collaborator With the F hrer increasingly preoccupied with military matters Hitler came to rely more and more on Bormann to handle Germany s domestic affairs On 12 April 1943 Bormann was appointed Personal Secretary to the F hrer Feared by ministers Gauleiters civil servants judges and generals alike Bormann identified strongly with Hitler s ideas on racial politics destruction of the Jews and forced labor and made himself indispensable as the F hrer s executioner Cold as ice he decided the fate of millions of people In January 1945 with the Third Reich collapsing Bormann returned to the F hrerbunker with Hitler Following Hitler s suicide on 30 April Bormann was named as Party Minister thus officially confirming his rise to the top of the Party Late the following day he fled from the bunker to escape the encircling Red Army his fate remaining a mystery for many years In October 1946 he was found guilty in absentia by the International Military Tribunal at Nuremberg and sentenced to death Drawing heavily on recently declassified documents and files the historian and journalist Volker Koop reveals the full story of the most faithful member of Hitler s inner circle an individual who whilst little known to the German people became the second most powerful man in the Third Reich Praise for Martin Bormann Hitler s Executioner An unbelievable monster but people still need to know about him and what he did here fulfilled by Volker Koop who simply doesn t hold back Books Monthly UK

Reconciling Places Paul A. Hoffman, 2020-08-12 Jesus said Blessed are the peacemakers but in our increasingly polarized communities and nation where can a person of faith begin In *Reconciling Places* pastor and scholar Paul Hoffman introduces laypeople and ministry leaders to a theology of reconciliation that equips Christians to act as reconcilers and bridge builders wherever they are and whatever issues divide their communities

The Workers are Few J. Alexander Rutherford, 2025-01-31 By all indications the Western Church is facing a crisis of pastoral ministry Pastoral ministry is on a trajectory of decline despite the fact that God has opened a massive mission field on our doorstep a mission field that requires workers Moreover we continue to export the same model of ministry to the global Church inviting them to join us in the state of crisis In Matthew 9 37 38 Jesus invites his disciples to consider the vast harvest of souls God has prepared a harvest awaiting workers If we want to see our churches healthy and our neighbours come to know Jesus we must be interested in God s work to prepare workers for the harvest This book is an attempt to repair what is broken to contribute to the repair of pastoral ministry I am convinced that no problem is more urgent to the church globally than this one yet I am

also convinced the solution to this problem is quite simple This book argues that our crisis is the result of swapping the biblical vision of pastoral ministry for a poor substitute and our failure to raise disciples in our local church Part 1 identifies significant reasons why we are in a crisis Part 2 lays a biblical foundation for rebuilding a biblical model of pastoral ministry and Part 3 shows how this foundation can be built upon in the life of a local church **Servants of the Kingdom** David Bos, 2010-06-14 Minister of the Word shepherd and teacher the titles of Dutch pastors exude authority and prestige In the course of the nineteenth century however their social position was slowly undermined by the separation of church and state the emancipation of Catholics and dissenters and the rise of all sorts of secular shepherds and teachers This work of historical sociology analyzes the development of the profession of pastor in the Netherlands Reformed Church focusing on pastors changing relationships with the state the universities other professions and their own congregants It paints a surprising lively and often humorous picture of nineteenth century ecclesiastical and religious life and of the many areas of Dutch society and culture where pastors made their mark in particular the literary world
