With illustrations* Nathaniel [two or more stories] Hawthorne,1868 [A Wonder Book for Girls and Boys by Nathaniel Hawthorne](#) Nathaniel Hawthorne,2020-09-22 The author has long been of opinion that many of the classical myths were capable of being rendered into very capital reading for children In the little volume here offered to the public he has worked up half a dozen of them with this end in view A great freedom of treatment was necessary to his plan but it will be observed by every one who attempts to render these legends malleable in his intellectual furnace that they are marvellously independent of all temporary modes and circumstances They remain essentially the same after changes that would affect the identity of almost anything else He does not therefore plead guilty to a sacrilege in having sometimes shaped anew as his fancy dictated the forms that have been hallowed by an antiquity of two or three thousand years No epoch of time can claim a copyright in these immortal fables They seem never to have been made and certainly so long as man exists they can never perish but by their indestructibility itself they are legitimate subjects for every age to clothe with its own garniture of manners and sentiment and to imbue with its own morality In the present version they may have lost much of their classical aspect or at all events the author has not been careful to preserve it and have perhaps assumed a Gothic or romantic guise In performing this pleasant task for it has been really a task fit for hot weather and one of the most agreeable of a literary kind which he ever undertook the author has not always thought it necessary to write downward in order to meet the comprehension of children He has generally suffered the theme to soar whenever such was its tendency and when he himself was buoyant enough to follow without an effort Children possess an unestimated sensibility to whatever is deep or high in imagination or feeling so long as it is simple likewise It is only the artificial and the complex that bewilder them Lenox July 15 185 [A Wonder-Book for Girls and Boys by Nathaniel Hawthorne - Delphi Classics \(Illustrated\)](#) Nathaniel Hawthorne,2017-07-17 This eBook features the unabridged text of *A Wonder Book for Girls and Boys* by Nathaniel Hawthorne Delphi Classics Illustrated from the bestselling edition of *The Complete Works of Nathaniel Hawthorne* Having established their name as the leading publisher of classic literature and art Delphi Classics produce publications that are individually crafted with superior formatting while introducing many rare texts for the first time in digital print The Delphi Classics edition of Hawthorne includes original annotations and illustrations relating to the life and works of the author as well as individual tables of contents allowing you to navigate eBooks quickly and easily eBook features The complete unabridged text of *A Wonder Book for Girls and Boys* by Nathaniel Hawthorne Delphi Classics Illustrated Beautifully illustrated with images related to Hawthorne s works Individual contents table allowing easy navigation around the eBook
